HARLEY MAE

- She started her Junior High School rodeo career. She has decided to use Rainie in the barrels and Poles and Ringo for the goat tying.
- 2018 Six Shooter High Point Champion and Junior barrel racing Champion. She won her first ever buckle!
- We even got her convinced to take her first ever Teaming roping Clinic at the Browns and I think we may have got her hooked.

SLADE

- Won the 10 and under dummy roping at the Casey Brown Memorial
- He entered some more little buckaroo rodeos this year and even entered the Calf riding
- He has really worked on his roping this year; Buster and him have even tried out the heeling side. Got to heel his first calf in the pasture this summer.

RORY

Rory's cowboying career has been taken to a new level this year. He entered his first rodeo in the Mutton Busting!!! The highlight to the whole event was getting bucked-off and not crying. He was very proud when he accomplished both of these! He has taken a great interest in riding his horse Olly and dragging his old faithful donkey Suzie around the yard. We are looking forward to spending many hours in the saddle with him checking cows!

HAGAN PERFORMANCE AND RANCH HORSE SALE

Our Crew THE HAGAN FAMILY

The Hagan family consists of three families united and proud to produce this high quality horse sale.

This family horse sale is a result of the Hagan family living out their dream and doing what they want to do with their lives. It all started with Shawne; even though he grew up in a non cowboy family and not in cowboy country at all; against the odds he became a true "Cowboy". He created a ranch and the complete cowboy lifestyle. This example has lead to his sons and daughter in laws buying, building and making a living with their own independent ranches, cattle herds and horse programs.

Shawne and Jocelyn are the proud parents of 4; Alistair, Amanda, Thomas and Bronwen and grandparents to 3; Harley Mae, Slade and Rory. They are both very close with of the all of their children and are especially proud of the fact that although their children may not all have the same passion's in life, they are all passionate about what they do and the direction they have taken their individual lives. Both Shawne and Jocelyn love being grandparents and spend a lot of time with Rory, Harley and Slade. The kids all love going to their Nan Nan & Papa's house and there isn't a day goes by that Papa Shawne doesn't stop in to see them. Shawne really enjoys spending time in the saddle with his family; you have never seen anyone as proud as him when he is riding side by side with Harley and Slade moving cows. 3 generations of cowboys all because when he was a boy he followed his dreams!!!

Shawne and Jocelyn live on the Hagan family farm where Shawne was born and raised. They maintain their current cow herd of 220 and show no signs of slowing down.

Jocelyn is still working off the farm as a member of the team at the Virden Co-op too much really but she enjoys the people she works with as well as everyone she meets and greets on a daily basis. Work is fine but Jocelyn is happiest when hosting her 3 grand babies, any or all of her kids and or her sisters.

Alistair, the oldest of the Hagan siblings and wife Erin have been busy with lots of changes since our last sale! They finally got their new house! It's made for a busy summer but it's all worth it now. It was sad to see the 1976 house trailer leave, it was a wonderful home but after 17 years it was time for more room. The kids simply refuse to quit growing up; this fall Harley Mae started her first year of junior high rodeo!! She is now in Grade 6 and she absolutely loved her first 5 rodeos. Harley still rides the infamous "Ringo" all the time ranching, running barrels and he is now her Goat tying mount but she did move up to (and claim her mother's horse) "Rainie" this year. Harley and Rainie have become a great team, they have been entering the Jr barrel racing all summer at the rodeos and even won her very first buckle this fall. Erin and Harley went all summer to the Six shooter series and at the end of the series Harley was the Jr barrel champion. Harley loves school and spending time with both her school friends and her rodeo friends. Harley also joined the "competitive" gymnastics team this year and will be getting to travel around to gymnastics competitions all winter. Most days she can be found on the trampoline or just doing cart wheels, flips and the splits.

Slade man (now in Grade 3) had an awesome winter of hockey; taking us to rinks with ice in them instead of dirt and is looking forward to playing again this winter. Slade spent a pile of time riding his trusty mount "Buster" and even got to heel his very first calf out in the pasture this summer. When Slade isn't riding he is usually asking if someone will take him fishing, hunting gophers or shooting targets; he is a true blue outdoorsman at heart.

Both kids are very active having all sorts of adventures together on the ranch and love spending time with their cousin Rory. Both Harley and Slade took the Browns kids roping clinic this summer and Harley really enjoyed getting a chance to take a Rebecca Beebe clinic this year as well. Slade got a tying dummy and has even been flanking and tying some smaller calves working on becoming a calf roper.

As always we kept our family tradition alive in the old motor home going to rodeos and jackpots with the Browns, Cowan's & McGee girls but also managed to get a non rodeo family trip in. We all went to a family wedding in Cranbrook B.C and the kids got to see the mountains for the first time! We had a great visit with extended family and even went Zip lining.

Another new addition to the family is "Annie" our corgi puppy. The Kids had their own money from selling their pigs last fall so after a long wait little Annie arrived in February and is now the boss of the ranch. What a great reward for the kids after a yearlong plan comes to fruition.

Alistair and Erin are very proud of the ranch they have built together; it has taken lots of hard work, creative accounting and many different small businesses to raise a family on the ranch without having "jobs". Hagan Land & Cattle consists of 4950 acres deeded and is head quartered on the original Hagan family farm which the family first settled upon arriving from Ireland in 1913. One of those small businesses is real estate and this was the first summer Alistair and Erin did not have any other houses to fix up or subdivisions to do. They are very proud to own and offer for sale lots in their very own rural residential multi-lot subdivision "HARLADE ARCES" just east of Virden along number 1 highway.

They also still own and operate Hagan hoof trimming tip table business as well as continuing to manage the Wallace-Kirkella municipal pasture. (This is a job which not only does Alistair love but is also a great fit for the horse sale.) The couple again ran a custom grazing business as well this year taking in an additional 200 + steers and 200 pairs. Grazing management proved to be a challenge with drought conditions and drying up dugouts, with 5 different herds to manage all in different pastures it made for lots of fencing! The hard task of building cross fences to break the pastures up into 40 acre paddocks to best rotate/rest and manage the soil/grass continues.

They also had a growing year again in the cattle business adding more bred heifers and will move into winter with a herd of 450 British cows. This year they also bought a beautiful set of heifers to breed on top of their own from the Cowan family and will be offering them for sale in December. They grassed all of their own calves and run around 60 head of horses. They feel they are on track for their grazing goals and feel the fence building may start to slow down in the next couple years.

The barrel racing program continues to move forward in a big way. A second money earning own daughter of "Dash Ta Fame" was added to the broodmare band and Merri had another outstanding breeding year in 2018! Jane Corey has been winning on her Merri baby "Straws" and Erin is hauling her own Merri baby to futurities. 2018 also marked the first breeding season for the new home raised buckskin stallion "Hagans Smooth Kruzin"; Mannie is an own son of the legendary A Smooth Guy and out of Erin's great mare Kruz. It made for a very busy breeding season with semen going from Quebec to BC. Merri once again got to breed some of the strongest mares in the country with some of the best barrel racers in Canada getting his foals. They are very excited about the future of their barrel program. There are 13 outstanding "BF Streakin Merridoc" foals to wean this fall and 13 more coming next spring as well as the first 5 Mannie babies. Erin feels very fortunate to have her Merri babies and looks

forward to campaigning Mannie in the years to come.

Alistair & Erin enjoyed another great rodeo/jackpot season; Quality family/rodeo time and horse promotion. Erin rodeoed on Madonna again this year and Alistair entered both the steer wrestling and the team roping with partner Matt Campbell this season.

No matter if it's a ranch horse, a futurity prospect or a pony, both feel the best way to improve your horsemanship and to make a good horse is to simply spend time in the saddle riding, paying attention to your horse, having fun and surrounding yourself with good people. They truly do this as a family and are working hard to instill a love and respect for this way of life with Harley and Slade. Both can't believe how time flies by; they love their family, their horses, their land, the ranch life and are looking forward to the future. Both Alistair & Erin are very committed to the rodeo and ranching lifestyle and understand it is just that a "lifestyle". One they are lucky to live. The thing Erin and Alistair are most proud of is the fact that they spend a lot of time together as a family.

Life is busy for Thomas and Felicity with a three year old, but they wouldn't change it for the world. Over the past few months, Rory has decided to live and breathe the cowboy lifestyle. He wakes up in the morning in his jeans, western shirt, hat, belt and buckle, puts his boots on and heads out with his dad to check cows. This has been a very proud moment for them to see their son interested and loving the ranch life as much as they do!

It was a long cold winter, but they made the most of it. Thomas, Felicity and Rory spent many evenings skating with friends and watching a hockey game or two. They once again rode at the local indoor riding arena at King's Crossing and Felicity enjoyed many late nights riding with the girls, it is questionable how much riding actually took place! Thomas took this years sale horses and roped the heel-0-matic and did some box work to get them ready for the summer months.

Once again this year Thomas and Felicity bought in about 130 heifers to breed along with their own. They continue to seek out fertility and push low-input genetics. Thomas and Felicity took on 200 pairs of custom grazers and AId some of their cows for the first time. This was a great experience and is definitely one they will look at doing again. They continue to sell their 6 year old cows every spring and replace them with these bred heifers.

Last year was their first year in the pig business and they enjoyed it so much that they kept 3 sows and bred them. Suddenly they went from 3 pigs to 32 in a hurry!!!! This was a very exciting time at their ranch as they had piglets running everywhere, whether it was Rory or their dog Hank chasing them around the yard. Someone once told them, "you can be in the pig business in a hurry," and they were not wrong!!!

Naturally Manitoba continues to grow. Thomas and Felicity continue to kill roughly 6-8 grassfed beef a year and will be introducing pasture raised pork this year. Through the local conservation office they planted 3 miles of trees this spring. They ranged from pine trees, to nut trees, to fruit bushes. As they begin to mature and produce, Thomas and Felicity are hoping to offer these items through Naturally Manitoba as well. They will continue to plant trees and bushes for this purpose and also help diversify the plant species on their ranch. Bees are a new addition this year. They had 2 local farmers put hives on the ranch and look forward to the benefits this will create. This year clover was growing strong and one farmer said he has got the best yields yet!! Honey is something they would like to offer to their customers and feel they can create a great working relationship with these farmers to do that. But lets not forget about the chickens!!! It began one evening while roping at Cathy and Duncan Campbells place when Duncan took Rory to the barn and gave him 2 chicks. Thomas's mobile chicken coop was still in the construction stage, so they quickly completed it. Two wasn't enough so Thomas and Rory headed to a neighbours place and purchased 5 more. Fresh eggs have been a treat for them and they look forward to growing this operation.

This summer was once again filled with fencing, rotating cattle and ropings. Just when they think they have enough cross fences, plans change and a few more need to go up. Thomas and Felicity are slowly going around all the old barbed wire fences and replacing them with hitensile. Thomas continues to move the cattle anywhere from daily moves to 4 day moves. They are noticing an increase in grass production where they have grazed areas for short periods of time and given it the adequate rest period. Thomas continues to enter some of the local team ropings. These are a wonderful family event that they all enjoy and gives them time to take a break from the hustle of ranch life.

This year Thomas, Felicity and Rory took their first family holiday. Thomas's cousin got married at the end of July just outside of Cranbrook, B.C. They conveyed out there with the whole Hagan family and stayed in a relaxing campsite in the mountains with the extended family. They did a little sight seeing while they were there, but swimming in the blue lakes and hanging out with cousins, aunts and uncles took up the majority of their time. The family returned home on a Monday and then headed to Winnipeg the following Saturday for Thomas's aunts birthday party on the other side. Thomas and Felicity felt extremely lucky to have a family reunion on both sides of the family this year. Felicity's cousin Roisin, her boyfriend Jake and sister Lauren came out again this year from Ireland. As many of you know Jake and Roisin have lived in Hamiota for just over 2 years and were sent home once their work visa's were expired last year. They came and spent 3 weeks with Thomas and Felicity and they enjoyed every minute of it. It was that much harder for Rory to say good-bye this year and they all look forward to hopefully having them again next year.

Overall another year has passed by quickly. Thomas and Felicity continue to focus on the genetics and fertility in their cow herd, diversifying their ranch, continuing to learn, expanding Naturally Manitoba and enjoying every moment with Rory, even though it can be challenging at times. They look forward to slowing down a little this winter and all of the new challenges next year will bring!

All the horses on offer have been ridden extensively and have taken on the job we feel best fits them. We pride ourselves in "OUR" horses being what we say they are; if that's quiet or fast or whether they are ranch horses, started team roping horses or rodeo ready horses. We ride a lot of horses as a family and cull very hard. We do our best only to sell horses that we feel will truly have a future and have done our best to select the best horse we can. We invite you to not only watch the video on each horse but to also come try out and ride any or all of the 10 horses on offer this year. Questions are welcome and there isn't a question we won't answer, we pride ourselves on being honest and approachable. Please check out the testimonies or call us if you see anything that you like and we will do our best to find a horse that fits you as an individual and then stand behind them after the sale.

Thanks for your interest and if you wish to see a video please go to our Facebook page or check it out at www.haganhorsesale.com

Marky Mark and the funky bunch; what no one remembers the 90's? This baby dolled headed bay gelding is a true find; he can go from babysitter mode with his little two beat lope to serious ranch horse in the same day. Marky Mark truly has

the ability to ride up or down depending on the level of rider on his back that day. We were extremely lucky to get the opportunity to buy this gelding from our friend Mark Fraser and he was exactly what Mark said he was. Marky Mark has become soft in the bridle, moves off your leg, picks up his leads, stops and could easily be shown in some small ranch horse classes or fairs. As a ranch horse he is awesome in the branding pen, very eager to run one down to treat and is as strong as any horse I've rode working rope (pulling while he backs). When Erin and Harley entered me in the "man's Barrel race" Mark was my mount of choice. He truly has so much to offer for such a young gelding and he is absolutely gorgeous! Everyone who rides him comments on how cute his ears are. He is a nice ranch horse but I believe he would also make an outstanding head horse if he went to the arena for the winter or he could go back to the gymkhana arena as well, barrels, poles, key hole and a simple reining pattern. One horse; many directions to go and a lot of years to do so.

Oscar is a heelers dream and the smallest ranch horse I have ever owned, but I did not know that until I measured him. This horse is strong, athletic, broke and has a lot of talent. This is a one handed ranch horse deluxe. Once again this summer I

did about 90% of my riding by myself, generally a few miles from the house. I have zero ambition to ride a horse in this situation that isn't safe, but Oscar certainly made the cut. The ranch is 3200 acres and I have covered every inch on him and Biscuit this year. We ran three herds this summer and stayed committed to moving them to new grass every 1-4 days. Almost everyday these horses and I have perimeter fence to check, temporary wire to set up and take down, cattle to treat, mineral tubs to drag to the next paddock and lots of miles to put on in the process. We cross bridges, ride through bog and dugouts, navigate mole hills and deadfall and see all kinds of wildlife jump up in any direction around us. Oscar has been an absolute treat to use in this system. He is broke, broke, broke. He is extremely cowy and loves nothing more than running one down to rope or cutting a few back in a pen. Having some pinkeye problems in our calves this year, Oscar got the call to sneak loop them or run them down, tie off and allow me to doctor them. He has a beautiful neck rein and tons of feel, he can spin, stop and lope a great circle. We went to quite a few branding this year and this guy is a Cadillac in the pen. Oscar is talented and done enough jobs that anyone wanting to take him to the arena would be able to do so pretty quickly. We roped the heel-o-matic and played around with him in the box some, just enough to know he has tons of potential. With summers being to busy at the ranch, I wasn't able to put the time in on the heeling end, but with the talent and experiences this horse has, it will come together quick! To get a good look at Oscar check out his video as it speaks volumes about how broke he is.

Dad is happy to be back! It is worth noting that he wouldn't be back if it was not for this awesome dapple palomino gelding. Dad took a year off from the sale in 2017 simply because it is so hard to find geldings that are safe enough to put in his program. Dad has been trying to buy John now for 3 years and finally got it done last fall. In Dad's words "John is easy to hit the stirrup on, very safe, tough enough to go all day and damn broke." John was a flag horse on a drill team in his past life that hadn't been ridden much in the past few years. He has now become a nice ranch horse; he is cowy, tough, walks out and happy to take the odd moment to stand still. One of John's best quality's is that he will stand still while you mount and for as long as you wish afterwards, not only is he quiet and easy to hit the stirrup on but he is also stout enough and strong enough on the horn to take a little pull while you get on. While dad enjoys how quiet John is, he is most proud of the fact that he can keep up with the rest of the boys and loves to get in the game when running one out to treat. John is quiet, safe and suited for the older generation but also would make any "30 year old" cowboy a great mount. He lopes a nice circle, picks up his leads, listens to your hands and watches a cow! Dad is happy to be back and if he can keep finding "Johns" he'll be back for years to come. We feel that alone should tell you; you had better not pass him up yourself.

Shorty affectionately named because he has never been small! We bought Shorty as a baby from the Barrels of Cash sale from our friends the Bridgeman family (Kevin, Julie and Justin). He is by their premier running bred stallion "Secret Zoom"

and one look at Shorty's pedigree and you'll see he is a true run on cow cross. This dude is big, strong and can flat ass fly; either in the barrel patch or out on the range. Erin has been hauling Shorty to jackpots all summer and will be running him in the Barrels of Cash barrel futurity the day before the sale. Shorty is a nicely started barrel horse, he is putting fast runs together and Erin truly feels will be a winner in the barrel pen for years to come if someone continues on with the work she has put into him. If it's a big free moving, ground covering; go all day ranch horse you are looking for? That's Shorty too! One day while roping yearling bulls to castrate them I ran one through trying to head him, when the smoke cleared I had two feet and Shorty just drug him to the crew like a calf at a branding! I guess sometimes size does matter? Everywhere we go people tell us the horses are just too small these days, that there are no big horses left. Well not only is Shorty damn near 16 hands but he is also an athlete and just plain fun to ride. Like the old saying "If a good little horse is good then a good big horse is better". Shorty exemplifies all of the good things about a big horse; he is smooth moving, ground covering, fast and strong. Shorty is also CBHI and Western Fortunes enrolled so not only is he a horse you can take home and run barrels on but also one that will keep winning you bonus cheques for years to come. Barrel horse/ranch horse combo with his whole life ahead of him.

Lot 5 ANGUS

GRADE

9-year-old black gelding | 15.1 HH

Consigned by Alistair & Erin

Angus is our first attempt at the “mountain” horse market. Named for the Hero’s Shire horse in the “Disney movie Brave”; Angus is as full of character as he is feed (and he is an easy keeper). The kids tell me it’s not fair to call him fat but we’ll

just say it would hurt more than most horses if he stood on your foot! He is safe as they come, strong as they get and black with a white face. These qualities alone make him a rare find. We pride ourselves in treating each horse as the individual they are and giving them each the jobs that best suits their individual qualities. Angus is our “linebacker” and so has taken on the jobs that suit him; be it gathering horses, ponying colts, branding etc, any jobs that utilize his laid back nature and raw strength. When ponying colts across the field not only is he strong enough to take the pulling but also steady and calm enough out and about to help the colts relax as well. In the branding pen Angus is quiet in the heard and extremely strong on the horn. Angus is a very nice trail horse, stout but not too tall, easy to hit the stirrup on, brave and alert, comfortable in the herd, keeps up at a walk and trot and simply will not break down (we also have him trained to the mounting block). If you are looking for a strong, quiet, flashy gelding that will last you for years or just that one horse in your pasture who adds some comical relief to your day; come meet Angus.

HAGAN PERFORMANCE AND RANCH HORSE SALE

This year we are proud to offer two 2 year old geldings; both geldings were started by Justiin Bridgeman and have 35 rides on them. These 2 young geldings are both the result of a proven cross as both have full siblings that are finished barrel horses. They also have big money incentives tied to them for the rest of their lives aswell.(www.canadianbarrelincentive.com , www.westernfortunes.com and \$5,000 Hagan Incentive program.)

This outstanding yellow gelding represents a cross that works, he is by Merri and out of "Bailey" a yellow mare we rode for years. Lynx is a full brother to (Joy Kent-Bamber 6 year old yellow gelding "Ruger" a finished 1D barrel horse, Erin's 4 year old Futurity prospect "Stinker" as well as Julie Leggett's 3 year old buckskin gelding "Whiskey"). Erin says that "Stinker is her favorite Merri baby to date, maybe her favorite horse she has ever worked with". Julie Leggett says; "I absolutely love my 3 year old "Whiskey"; I have so much hope for him in the next few years. I can't believe how far along he is for as young as he is. Whiskey just moves so nice and smooth and is so smart. Honestly Whiskey has the sweetest disposition of any horse I ve ever been around." Literally every colt this mare has ever had (all by Merri) has been ridden and loved by their owners & trainers. For a program as young as ours this is a fact we are very proud of and we are proud to offer this correct, flashy gelding for sale. He is CBHI, Western Fortunes and Hagan \$5,000 incentive enrolled.

This black gelding also represents a cross that works. His mother's first foal by Merri was selected by Erin's mentor multiple NFR qualifier and horse trainer Judy Myllymaki. "Sister" now a 7 year old finished 1D money earning barrel horse. He like all of his siblings will be big and docile. He is a little laid back but very trainable. Horse business is a gamble. Here's a chance to place your bet; why not bet on a young gelding, already started, already enrolled in the 2 biggest incentive programs in Canada and out of cross that works on high level. He is also CBHI, Western Fortunes and Hagan \$5,000 incentive enrolled.

A beautiful, kind, athletic, yellow palomino ranch gelding named Biscuit. This horse has seen every inch of our ranch this summer, rotating, treating and checking cattle. Riding by myself most of the time, I need to have a horse under me that

is safe and can get the job done. Crossing bridges, riding through bush, wadding into dugouts, navigating over deadfall and seeing all kinds of wildlife along the trail is a typical day around this ranch. Biscuit has a good neck rein and lots of feel, he trots or lopes off nice and is easy to go for big rides on. I have treated more cattle on Biscuit this year than Oscar because being 15hh he is a little better suited to handle bigger cattle. We had a fair bit of pinkeye this summer and he helped me keep on top of it. As I said I do a lot of my riding by myself so I was able to rope a cow, tie off and treat alone. Biscuit is really good at running one down in the pasture and could have a big future as a head horse. This horse does have one hole and that is that he doesn't like cattle behind him or to be in the middle of a big herd. He is manageable in these situations, he just gets a little anxious. That being said, I have been in the branding pens this summer on him and he did great and drug a lot of calves to the fire. I ended the winter roping at our local indoor arena and started summer in an outdoor pen down the road. Biscuit has seen the heel-o-matic and the heading box, but just enough for me to know he has a ton of potential. My wife took this horse for a couple of barrel nights the girls have in the winter and really enjoyed him. He is very broke and has a lot of rate. Biscuit is ready to go in any direction. He has seen and done a little of everything and put on many miles ranching. Setting up temporary fence, dragging mineral tubs, going to brandings, treating cattle and so much more. I can't stress enough the talent and ability this horse has. He really has been a pleasure and has a very kind and gentle demeanour. If Biscuit sounds like the horse for you, please check out his video. It really says a lot more about him and his experiences than I can!

JR

GRADE

10-year-old bay gelding | 14.3 HH

Consigned by Alistair & Erin

Everyone loves; Buckskins and Grays but the west was one on a black footed BAY. JR is custom built to order for our sale; 10 years old, just 15 hands, good looking gelding with a good wither, pretty head and easy to hit the stirrup on. Sometimes

you just don't know when you are going to come across one of those great horses and JR was that "just come across one day" horse. We were at a rodeo and spotted him just hanging out riding around through the parked trailers and in and out of the arena. I couldn't help but go and talk to his owner; he was there to sell. Needless to say JR came home with us from the rodeo and the rest is history. We have enjoyed having this gelding around and like we've done so many times before we introduced a trail horse to the ranch life.

This handsome dude was obviously named for the "champ" in the family favourite "Rocky" movies! Apollo is my kind of horse, absolutely full of ability, run and try with no desire to hurt anyone. Trust me when I say you will not find the bottom

to this gelding, he is tough! He can really walk and cover the miles, will follow a cow anywhere through anything. People tell us it's hard to find real ranch horses now a days, well here he is. Go to a branding and work all day on one horse or need one for a quick job, one you can just unload pull the cinches into and run a cow down without any warm up? Apollo is your man! I calved heifers on him all spring; riding him through ice cold water over dead trees, nothing fazes him; He would literally just push them along at a walk with his chest.

First day of take in this spring we had a wildy get loose and we had to run him down flat across the open and as soon as we got him caught he took Apollo on! Not a problem, the list just goes on. Hell the first 2 times he was ever roped on were both 2 year old simmental bulls, sounds silly but I simply knew he could handle the task. Apollo is a ranch horse but is also a nicely started head horse; I've hauled him to a couple jackpots and he would make an outstanding winter project. He runs hard to cattle, is strong across the pen and very natural on the face. I say it every year about a horse or two but I am excited to see where this horse goes in life! What does the future look like for Apollo; personal ranch horse, Pick up horse, hazing horse or big time Rodeo head horse, maybe the World Series instead? One thing is for sure: geldings like this are harder to find all the time and someone is going to be happy for years to come after the sale.

HAGAN PERFORMANCE AND RANCH HORSE SALE

Our Thanks

We are very proud of the fact that we buy so many horses locally. Thank you to all of these local breeders, our friends, who produce these outstanding and talented horses. It is our hope that you are as proud of them as we are and it is our pleasure to work with you time and time again. Thank you to all of our previous buyers who have made our sales successful and continue to inspire us to keep doing what we do, turn out great ranch horses. We can not say it enough, we love to hear about how the horses are fitting into their new homes. We are only a phone call away or better yet the coffee is always on. A HUGE shout out and thank you to all of our friends and family who not only help us behind the scenes at sale time but also on the ranch year round. Without you we would not be able to do all that we do.

CHOPPER K / *Dallas and Carrie Spencer*

Last year my wife and I were looking for a real good ranch horse, and after watching the Hagan video's posted we could not resist going to their sale. After previewing the horses and seeing them in the barn before the sale we made our picks. We bought Chopper K and haven't had a bit of buyer remorse. He quickly become my go to horse. He can do any job on the ranch, go on a trail ride, and after a few weeks he can even do a sweet barrel pattern. He is one of the best horses we have owned. He is great with our kids and after months of being off he can still be used liked you never put him away. We would not be scared to buy another horse from the Hagan family.

DARTANIAN / *Rosemary Odermalt*

I just wanted to update you on Dartanian. I was a little worried buying a horse sight unseen but Dartanian is exactly as you described. He is willing, talented and honest. He is super on the ground, trailering, going to new places, the vet and farrier are big fans. He is soft in the face and calm yet ready and responsive. He is a beautiful ride and a super personable horse. I've never had a horse this smooth and fun. I also worried about how he would adjust from steady ranch work to life with a lady in her 60's. He's been an absolute gem. Thanks Erin for your time talking on the phone and putting us together. I couldn't be happier.

SARGENT / *Troy Farris*

I was fortunate enough to acquire Sargent in the 2017 sale. Since then he has proven to be a great horse on cows! His manners on the ground are wonderful, specifically around children. In the arena his performance has been good, very strong on the cow. Sargent is calm, relaxed and very easy to maintain. The integration with our other horses went well. Overall we have been very pleased with Sargent and the Hagan Family were wonderful to deal with throughout the sale process!

PIERCE / *Murray and Mavis Palmer*

Prior to sale date we'd viewed the sales' videos of all the horses several times. Then came discussions with the Hagan's and we narrowed our prospects to 3 geldings. Pierce stood out with his grill colour and calmness. After watching him at the preview, it was clear he was our number one choice. We needed an all around "using" horse, sensible and safe. Pierce is all that and more. He's at home in the branding corral, on big gathers, and on pleasure rides. He gets noticed wherever we go, for all the right reasons.

LAWRENCE & JAZZ / *Tanya Brouwers*

Working with the Hagan's to find our dream horses was an absolute pleasure from start to finish. Everything from answering our questions about the sale horses, to helping with the remote purchase and assisting in the transport was handled expertly. Most importantly, our horses are everything they were advertised to be. We've had beginners to experts on them and everyone has managed to look like a star as they've tackled everything from ranch work, roping and team penning. I would recommend the Hagan's to anyone looking to get a great horse and a great experience.
