

# HAGAN

## *Performance & Ranch Horse Sale*

**SATURDAY, OCTOBER 26, 2013**  
**KEYSTONE CENTRE • BRANDON, MANITOBA**

Video Available at [www.haganhorsesale.com](http://www.haganhorsesale.com)

# The Hagan Family have been involved with rodeo for more than 35 years

## Thomas

- 2007 MRCA Steer Wrestling Champion
- 2006 CCA Hi-Point Cowboy
- 2006 CCA Steer Wrestling Year End Champion
- CCA finals qualifier Steer wrestling & Calf Roping

## Shawne

- 2008 MRCA Hall of Fame inductee
- 19 time MRCA finals qualifier Steer wrestling & Calf Roping
- “Shawne calf roping on Garcia Kitty Grandmother to Lot #3

## Slade

- entered his 1st dummy roping this year at the Casey Brown Memorial.
- enjoys chasing the heel-o-matic on Paddy with Papa and Dad at a walk.

## Alistair

- 2012 CCA Hazing horse of the Year “Maverick”
- 2008-2012 MRCA Hazing horse of the Year “Maverick”
- 2012 MRCA Qualifier (16th straight year of qualifying in the Steer wrestling)
- 2010 MRCA Year End Steer Wrestling Champion
- Multiple CCA finals Qualifier Steer Wrestling
- MRCA Cowboy of the Year

## Erin

- 2011 & 2012 CCA & MRCA Qualifier (on “Gracie”)
- 2011 Circle S Ranch/Todd Stiles memorial Barrel racing Long-go & Short-go Champion (on “Gracie”)
- 2 time MRCA Cowgirl of the Year
- 4 time MRCA barrel racing Champion (on “Kruz”)
- Multiple CCA & MRCA Finals qualifications (Kruz, Digger & Bronze)

## Harley

- started a new barrel horse this year; 20 year old “Paddy” (Plucked from our broodmare band, 1st year open.)
- 2012 made her debut in the mutton busting at Virden indoor rodeo. The local newspaper said “The little blonde haired girl in the black krenlyn skirt showed all the competitors how it was done.”

## “Time Marches On”

If you have ever read our catalogue or watched our videos you will notice something missing this year; “Partner”. Partner passed away one morning this spring at only 12 years old but not before he had trained the new pup to know where home was and who his family was now. With a lot of tears we buried our friend beside old Digger; with his blanket and a picture that each of the kids drew for him. Partner joined our family before we were married and it’s almost as if he taught us how to be a family; everyone loved him. Mom and Dad called him there first grandchild? Before the kids it was Partner that would go for visits there. He loved following a saddle horse, chasing cattle up the loading chute, but most of all he loved to hunt; Deer or Coyotes, he was in! He maybe wasn’t the best cow dog ever but he was our favorite. Now if we ever want to see him we’ll just have to watch an old sale horse video, he was in every scene!

# Our Program

Howdy'all thanks for taking the time to look over our catalogue. We hope you read the write ups on each horse and call us to ask us questions about any or all of our horses. We are very proud of not only these horses on offer October 26th but also the program we have worked so hard to create. We do not claim to have "re-invented the wheel" we just stick to our mission statement (to start with the best horses we can, make them real ranch horses, horses that we use for our day to day ranching and offer them for sale with honesty and integrity). We feel today's buyers are better educated, wiser buyers. They know what they want; they want a good, safe, been there done that horse. And they want to buy a horse from someone who is honest, someone who can and will help them not only to pick a horse that fits them but also someone who will help them after the sale. We understand that not everyone is looking for the same thing in a horse, we may not have a horse for everyone but we do promise you that we pride ourselves in presenting our horses honestly. We feel strongly that alone will make Hagan Performance & Ranch horse sale stand the test of time.

Knowing that not everyone is looking for the same thing in a horse; Some want them better broke than others but everyone wants them safe! People want to know how they will "react" to any given situation. In our opinion you can make both safe and broke horses on the ranch. We pride ourselves on being students of horsemanship, we take clinics, read books, watch videos, and do our best to improve and grow our knowledge but most importantly we spend time in the saddle. Like most people we start our horses in the round pen and or the arena but then move outside as soon as we can. We start with simple trail riding, covering miles, down the ditch, riding over fallen trees, through water, etc. Next they are used to check fence or move cows and then it's back to the arena for simple dry work, working the flag, dragging a log, roping the heel-o-matic and track steer, mock branding and next thing you know they are in the work string. They first start with moving cows in the feedlot and then they graduate to alley sorting, branding, round penning colts and finally roping and doctoring cattle in the open. After long ranch miles we move them back into the arena to refine their handle. All of our horses have done lots of cow work and if they excel at it maybe they could move into the penning or sorting or if it is a fit they begin their career as a team roping, barrel racing or calf roping horse. We strive to do every job possible on the ranch on horseback; we have 2500 head of cattle to care for in a season and we do all of this ranch work while riding these sales horses. We pride ourselves in the fact that our horses "enjoy life" and like to be ridden. It is within those parameters that we begin the culling process, as not every horse that we own makes the sale.

Our horses come from all different walks of life from all different situations or sales; some we have raised or bought as babies and started ourselves, some we have bought with 30 rides on them and rode them for 2 or 3 years and others we have only owned a short while. Sourcing these horses that we deem "good enough" is a full time job, we never know where we may find one or when and so we are always looking. No matter where we find them or how long we have owned them the same principles apply to them all. When we find one that peaks our interest (good looking, sound, attractive, athletic horses) we bring them home and begin the "screening" process; are they safe? Will they stay sound? What can they handle mentally? And are they fun to work with? And trust us not all horses make it. Once these horses have made it through the "screening" process and we have spent the hours in the saddle furthering their training, getting to know them as individuals we allocate them for the sale. Then following this whole process we try our best to give you as much information about each of these horses as individuals as we can. Between their write ups, videos or simply a visit with you on the phone, we try to give you the info you need to pick a horse for you. All 12 of these horses on offer have been used on the ranch for real, they have been put in real life ranch scenarios and we have put them in enough of these situations that we are confident in how they will "react" and that is why we believe so much in "Ranch horse beginnings".

We sometimes joke that we are more of an adoption agency for good horses looking for good homes for the rest of their days than we are a horse sale and that we are very proud of that. We go out and make the miles and "source" horses that peak our interest, take a chance, buy them, screen them, then we bring them all together for you to pick on October 26. We feel this process of "consulting" is the service we provide to you our buyer. We welcome all buyers, families looking for an all-round horse, team ropers looking for the next "big timer" or someone who sees a horse they can spend the winter on and double their money. Come one come all.

# Our Family

## The Hagan family consists of three families united and proud to produce this high quality horse sale.

Shawne and Jocelyn are the proud parents of 4; Alistair, Amanda, Thomas and Bronwen and of course grandparents of 2; Harley Mae and the Slade. They are both very proud of all of their children and the fact that they are close with them all. They are especially proud of the fact that their children may not all have the same passion's in life but they are all passionate about what they do and the direction that they steer their lives. Both Shawne and Jocelyn love being grandparents and spend a lot of time with Harley and Slade. Both of the kids love going to their NanNan & Papa's house and there isn't a day goes by that Papa Shawne doesn't stop in to see them. Shawne and Jocelyn live on the Hagan family farm where Shawne was born and raised just 14 miles southwest of Virden; they have been involved in every aspect of ranching and farming; from the purebred Charolais business to grain farming to the PMU industry, to the current cow/calf/yearling operation. Shawne is maintaining a cow herd of 200 Momma's but he has always found change exciting. In the spirit "a change is as good as a rest" he is shifting the base of the cow herd to more red british cows. This year between his own cattle, being the main man with Alistair at the community pasture and Thomas's cows and "custom grazers"; Shawne likes to note that he is riding on 2500 head this summer. That's a pile of "cowboying". Shawne really enjoys spending time in the saddle with his horses getting to know them and prides himself on "making friends with them". Shawne has a great eye for a horse and always enjoys heading out on a good horse buying trip to pick out that next "good one", he of course loves hunting, roping with the boys at Kings Crossing or just simply enjoying some good company and a beer. Jocelyn is still working off the farm as a member of the team at the Virden Co-op and really enjoys both the people she works with as well as everyone she meets and greets on a daily basis. She makes sure that everyone who goes through her till will be having just a little bit better day when they leave and because of that the line at her till is always long. Jocelyn stepped down from her role as Virden rodeo President following another successful rodeo this august but will remain on the board and take on another role. Jocelyn is still super popular with her alter ego as "Nan/Nan" and as always still looks forward to a visit from Bronwen (Toronto), one of her five sisters or family, or going to garage sales with Amanda (Virden) on weekends. These 2 are making some changes but aren't slowing down just yet!

Alistair, the oldest of the Hagan siblings and wife Erin have been busy with lots of changes since our last sales catalogue! The biggest change having to be that Harley Mae is in school. Grade 1 already and Slade man is going to pre-school one day a week too! (Hope cowboy hat and boots are welcome) Where does the time go? Harley loves both school and the school bus! Slade misses her when she is gone; he waits for her every day at the end of the lane come 4:30 p.m. They are truly best friends having all sorts of adventures on the farm, both love being outside and riding horses (mainly paddy their good black mare) and are now both entering the pee wee barrels on her. Alistair & Erin have put together their own ranch just down the road on the original Hagan homestead, the farm on which the Hagan family first settled upon arriving from Ireland in 1916. They currently maintain a heard of 350 British cows, grass their own calves, run around 50 head of horses and still operate Hagan hoof trimming business. New is the role of Manager at the Wallace municipality pasture; a job which not only does Alistair love but is also a great fit for the horse sale. Expansion was again the main focus for these 2 this year; buying, breeding and calving out more black heifers, adding some outstanding barrel horse bloodlines to the brood mare band, but the biggest opportunity has once again been land. Buying some larger parcels and selling off some yard sites as acreages and smaller parcels of land allowing them to add substantially to the ranch holdings. It was a long winter and the kind of spring to test their love for the ranch, hard spring for calving heifers and tough luck with both calving and foaling. Spring, although late, did finally arrive, lots of grass for the cows and some more outstanding "BF Streakin Merridoc" foals, including a foal out of Erin's great rodeo mare "Kruz" and Harley's good pony "Flossy"! They enjoyed another great rodeo season with a few less miles made but a lot more comfort. After 13 years of rodeoing with "No Rig" Alistair and Erin finally treated themselves to a "Simple pleasure". In the name of quality

family time, they bought an older motor home and bumper hitch trailer to rodeo with and have simply just had the best summer ever! Erin is fresh off making the CCA and MRCA finals with her great mare Gracie; the duo is looking for a trip back to both finals again this year. Alistair had to take some time off steer wrestling this year but has enjoyed having "Bullet" to haul; team roping at rodeos and big jackpots. Both Alistair & Erin are very committed to the rodeo and ranching lifestyle and continue to donate all of their spare time to the MRCA and the Wheat City Stampede. Erin is very excited about the years to come as the kids gain some independence; she finds herself riding more horses each day. She has found a balance between horse trainer, photographer and stay at home Mom; spending most of her time with the kids on all sorts of adventures. Both are very excited about the future, Merridoc is coming along very well and there is a pen full of awesome futurity prospects. Erin took all of the sale horse pictures again this year and Alistair got to sell his first horse sale. This year they had the opportunity to host and organize some clinics as well as private family lessons at the ranch with two of their mentors; Judy Myllymaki and Walt Woodard. Both Alistair and Erin strive to continue their education in horsemanship and thanks to some great teachers feel they are improving. No matter if it's a ranch horse or a futurity prospect they both feel the best way to improve your horsemanship and to make a good horse is to simply spend time in the saddle; riding, paying attention to your horse and forming a relationship with them. Both love their family, their horses, their land, the ranch life and are looking forward to the future.

This year once again brought many exciting changes for Felicity and Thomas, one of these being the announcement of their engagement. They purchased part of Shawne's ranch at Oak Lake, settled into their new ranch location on the Assiniboine Valley, built a new yard site on their home quarter and moved in a house trailer, increased their cattle herd and expanded their custom grazing business. Prior to the purchase of Shawne's land, Felicity and Thomas owned a half section directly across the road from it. With this land addition they were able to run three groups of pairs and heifers from two different ranches, keeping them very busy rotating cattle, fixing fence and treating this summer. They have taken a few different courses on grazing and grass and do a lot of reading on intensive and mob grazing. With these different groups of cattle they have been able to do some experiments on this grass, trying out some of these theories. Their own herd has slowly increased to roughly 50 head after buying and breeding heifers for the last two years. They have split them into two different herds and rotate them between their home quarter and an additional 240 acres of rented pasture. Last winter they calved out their first group of heifers on the new home quarter with very few facilities and a lot of luck!! In 2012 good friends of the family, the King's, built a beautiful indoor arena approximately 10 miles from them, Kings Crossing. Both boarded a couple of horses there this winter and spent most evenings and weekends roping, riding and socializing there. Thomas filled his days with riding their own horses and trainers at Shawne's indoor arena while Felicity continues to work at the Virden Community Chamber of Commerce. This summer shoeing seasons came on strong in April and has remained steady right up until sale time. Checking, treating and rotating cattle has taken up the majority of their summer and put many miles on their horses. After a lot of help from family and friends they moved a house trailer onto their new yard site which has slowly been growing over the last year. They also began building a large outdoor arena last year and currently are setting up a confinement/calving facility for this winter. ("Without all of the amazing support and help we have received from everyone over the past few years, all of this would not be possible. So on behalf of Felicity and I we would like to thank all of you!") They are very excited about this year's sale and the horses they are presenting. Both geldings have been put through their training program and have done a little bit of everything. They will be sad to see them go, but look forward to the new group they have to offer next year.

All the horses on offer have been ridden extensively and have taken on the job we feel best fits them. We pride ourselves in "OUR" horses being what we say they are; if that's quiet or fast or whether they are ranch horses, started team roping horses or rodeo ready horses. We ride a lot of horses as a family and cull very hard. We do our best only to sell horses that we feel will truly have a future and have done our best to select the best horse we can. We invite you to not only watch the video on each horse but to also come try out and ride any or all of the 12 horses on offer this year. Questions are welcome and there isn't a question we won't answer, we pride ourselves on being honest and approachable. Please check out the testimonies' or call us if you see anything that you like and we will do our best to find a horse that fits you as an individual and then stand behind them after the sale.

Thanks for your interest and if you wish to see a video please call for your own DVD or check it out at [www.haganhorsesale.com](http://www.haganhorsesale.com)

# General Information

**Date:** Saturday, October 26, 2013

**Sale Time:** 12:30 p.m.

**Performance Preview:** 9:30 a.m. sale day

**Location of Event:**

Brandon Keystone Centre  
1175 - 18th Street, Brandon, MB

- Demo - Westman Place
- Sale - Barn 36

**Sale Day Phone Number:**

- (204) 851-2916
- (204) 851-2311

**Absentee Bids:**

Anyone wishing to bid who cannot be in attendance at the sale, may make phone or mail bids by contacting any of the above contacts prior to October 25, 2013.

**Phone Bidding:**

Phone bidding is provided as a customer service for those who cannot attend the sale. Anyone who desires to bid by phone is asked to inspect horses prior to the sale. Any phone purchases will be required to wire funds on Monday morning following the sale. Horses will not leave the Hagan's possession until payment has been made.

**Terms & Conditions:**

Terms of sale are cash or personal cheque (CAD). Cheques issued with insufficient funds will be prosecuted. Every animal sells to the highest bidder with the auctioneer settling disputes as to bids. Announced changes in catalogue information on sale day take precedence over printed material in this catalogue. No delivery is available until settlement is made on all purchases. Horses remain in the seller's possession until payment has been verified or cleared by the bank. Buyers will become liable and responsible for their purchase immediately upon declaration of sale and until delivery is taken. Any person attending the sale does so at his/her own risk. Owners, sale management, Brandon Keystone Centre, nor any other person connected with this sale assumes any liability, legal or otherwise.

**Guarantee:**

To the best of our knowledge, every horse in this sale is free of disease or defect. Known defect(s) will be called at sale time.

- Prior to sale a passed equine veterinary certificate of health for insurance purposes only will be done on all horses in the sale.
- General, visual vet examination for physical soundness by Virden Animal Hospital
- Horses are the buyer's risk, expense and responsibility from the time of purchase.
- Horses have not been Coggins tested. Costs associated with exporting horses will be at the buyer's expense
- ALL SALES ABSOLUTELY FINAL!!!

Hugger 2

Ollie Oop

Subscription Cindy

We feel very lucky to have had the opportunity to own this gentleman and we are going to "pay it forward" by offering him to you at our sale. Our good friends Jay and Kari Sibald of Cochrane presented us with this opportunity last summer and I have enjoyed every minute that I have owned this gelding.

Bullet is a finished, Big Time head horse. You simply will not find another gelding like him offered at public auction this fall I promise you that. He is a good looking copper sorrel with nice white blaze; structurally he is as correct as you can make one, clean limbed, big hiped, just damn nice. We have hauled him all year to both big jackpots and rodeos. Bullet handles every aspect of the road; from the hauling to spending the night inside the little barrel racer pasture beside the trailer!

We are offering Bullet for sale only because I want to see how far he can go in the team roping world. Like Walt Woodard told "he is far too nice a horse for a cowboy like me to own". Walt may have been joking but it is partly true, this horse could go anywhere. He can flat ass fly, scores, he is easy to handle cattle on and can really face, he can really handle his freight. Bullet is a real deal head horse, a true rodeo horse that you can also take to jackpots and ride him all day. Bullet is NOT 1 dimensional we have also heeled on him, hazed on him and he has been used for everything on the ranch. He is a true gentleman to have around I never have to worry about the kids around him and anyone can ride him. If you are looking for a real head horse you can win on the day after you buy him, No matter if you are a #3 who wants to become a #6 or a #9 who needs one ready to go just watch his video or better yet come run some steers on him. I can not say it enough we all feel this is unique opportunity; We will miss having him but I am excited to see where he ends up.

# LINCOLN

## You Got Me Addicted

7 year old bay gelding 15.1 hh

Owned by: Thomas & Felicity

2

	Mr Zippo Win	Zippo Pine Bar
		Miss Shy Wind
Addicting	Sheza Two Stepper	Mr Twist N Time
		Lady Conquest
	Good Sonny	Sonny's Super Star
Im Impressive Sassie		Good N Quick
	Impressive Senora	Impressive
		Dee Siemon

Lincoln is a big stout reliable gelding Felicity and I have owned now for three years. When we got him he was a well started four year old and we just kept going from there. Last summer we checked and moved cows with him and this winter Felicity boarded him at Kings crossing. It seemed like she put a pretty good handle on him just dodging all the ropers and steers on roping nights. This spring I branded off him and he is extremely strong on the horn. At the start of the summer I used him down at the pasture land to treat the custom grazers until July when we brought him home to work on him in the arena. We spent a lot of time patterning him on the heel-o-matic and I think it really paid off. Now we are heading live cattle on him and he's working good. Really anybody interested in this guy as a head horse should go look at his video on our website and see if he's what you're looking for. He's level headed in the arena and seems really mature. Lincoln is a very smooth mover and can seem effortless to ride. So feel free to come try him out.

# MISS KITTY

## Jewel Kit

11 year old sorrel mare 15.3 hh

Owned by: Shawne & Jocelyn

	Hollywood Dun It
Jewel Dun it	Billiettas Jewel
The Jewel Snipper	Zan Parr Bar
Zan Parr Snip	Two Eyed Snip
Watch Joe Leo Bar	Watch Joe Jack
Bobby Sox Kitty	Leo Bar Honey
Garcia Kitty	Garcia Trinket
	Todd Mio

Shawne has had 100 chances to sell his great gelding "Keeper"; problem is he is not for sale hence his name. Everyone always wants Keeper because he'll do anything that is asked of him and he will always keep you safe; a hard to find combination. (Not to mention Dad is usually grinning ear to ear while riding him). So to offer for sale the next best thing he could Shawne went back to the source; "Miss Kitty" is Keeper's sister from the same program. The Highmoor family of Bowsman Mb raised and started both of these great horses as well as their mother. But "Miss Kitty" is actually named after their grandmother "Garcia Kitty"; one of the best calf horses Dad ever owned; she also came from The Highmoor family. That one old mare has produced an amazing amount of good horses, as is the case here with performance horse sire "The Jewel Snipper"; the Highmoor's always picked great stallions. This mare is just like Ol' Keeper broke, fun, handy and most importantly safe, safe for anyone. She is ready to show reining, cow horse or ranch cutting and Shawne has spent the past season putting his own "touch" on her. Simply making her his friend; spending countless hours covering the miles on the ranch calving cows, doctoring some cattle and really showing her the world outside of the arena. Of course this big girl shines when it comes time to sort cattle and the harder the cattle try to get away the more fun Dad has, usually we here a hoot and holler "whoop jez she is fun to ride". Shawne has also started heading steers on her and she has been handling that the same way, with a horse like this it's all just fun and easy! So here is your chance if you wanted Keeper or just what he represents; broke, safe, talented, fun horse here is your chance.

# TUCKER

## Verns Blue Bueno

8 year old grey gelding 14.3 hh

Owned by: Alistair & Erin

4

	Poco Bueno Vernon
Vernons Poco Bueno	Poco Deb Bar
Verns Little Bueno	Poco Feed
Tru Poco	Bunky Deck
Two D Skip	Two Eyed Jack
Blue D Two	Skip D Ann
Swinging Blue Lady	Barry Blue Jack
	Swinging Wimpy

Simply put this steel grey gelding is the kind of horse that keeps people riding or makes people who haven't rode in years want to ride again. He is the kind of horse that will give you the motivation to go out riding after a long day at work because it's easy when it's fun. Not only is Tucker fun to be around and ride but a person always seems to have a little more fun with a good looking dance partner. He is a dark dapple grey with black main & tail, a baby doll head, and a big hip. Tucker is by one of Bill Boyes' favorite stud horses "Smokey" (Verns Little Bueno), Bill had to put Smokey down last winter and so we are extra proud to offer Tucker for sale this year. Tucker was originally a gift from Bill to his granddaughter Brianna for her 4H project as a 2 yr old and every time I trimmed mares at the Boyes ranch I tried to buy him. Finally after Brianna left for college he made his move to our place. One of the most common questions we get asked about our horses is; what is he like with some time off between rides, Can I just saddle him up and go? Well I'm here to tell you 5 years between rides is not a problem for this little gelding! Tucker was custom built for our sale, safe, pretty, safe and he is the perfect size. We have used Tucker for everything we can from day one, pulling the kids on the toboggan, doctoring cattle, branding, and playing in the arena roping the heel-o-matic, pole bending just messing around you name it. Tucker just wants to be someone's horse, just come ride him maybe you are his someone.

PWR Custom Fencing Ltd. is located in Virden, MB and has been proudly serving south-western Manitoba and south-eastern Saskatchewan for 10+ years!

5

Dad did it again, this is an outstanding gelding! He is gorgeous, sound, clean as a whip stout golden palomino with a white main and tail; what more can you ask for? Sonny Dee was a diamond in the rough when dad found him, just like dad likes it. He is from Wade Demyens program; (Qu'Appelle Sask) and his Solanos Peppy San X Smart Chic Olena stallion, and an old foundation bred mare. He is bred to like cows and use himself on the top and to stay sound and last on the bottom. The plan worked, that's exactly what he is. Sonny Dee is a go to ranch horse, sorting pairs, branding, doctoring cattle, tie off and work rope he has done a pile of it this year. One day up at Kirkella we rode up on 8 foot rot cattle right at the gate, we sneak roped the first 3 or 4 but Sunny had to run down the last 4. All 4 in a row and all in the first 30 minutes that we were there. All that aside, just to watch this horse move around the arena is to know he is a performance horse; he belongs in the arena. We have lightly started him in the arena roping the heel-o-matic, working the flag and heading and heeling steers. He has a natural head set, lots of rate and he wants to use himself but you watch the video and you can judge for yourself. I honestly feel he would be an outstanding winter project for anyone who wants to double their money.

## SONNY DEE

**Solanos Peppy 212**

Peppys Miss Penny		Nito Babe
	Peppys Miss Pride	Peppy Chums Image
		Flirty Chum Bride

6

Safe, Big and Safe; his 3 best qualities; Moose is a true asset on the ranch, an honest ranch horse that you can ride all day every day but more importantly one that you don't have to ride every day. He is just as nice with a month between rides as he is if he is in the everyday string. Ol' Moose is much like Mom and Dad's old crown vic car; maybe not the sportiest car out there but if you wanted to go on a road trip you could just set the cruise at 85mph and float down the highway! That's Moose for ya; this horse literally floats in a lope, hands down the smoothest horse I have ever ridden. I literally loped him around the perimeter of a 4000 acre field to check fence and only slowed up once just to switch leads! Moose is big, strong and sound; sound of mind and body. He has halter broke colts, drug calves to the fire, doctoring cattle and he is the horse I used when we had to treat foot rot bulls. Moose is very strong on the end of the rope, not to many horses you can rope 2 feet on a bull, go to the horn and knock them down like a team roping steer. If you are looking for a real ranch horse, whether you are a cow calf operator who needs a safe horse to calve on or a PF rider on a big outfit who needs a big strong horse that can handle lots of miles and work and anyone can get along with don't miss this guy.

# CHIP

**9 year old palomino grade gelding 14.1hh**

**Owned by Shawne & Jocelyn**

7

"Chip" is a little yellow gelding that came from our good family friend Ted Artz. Dad says "This little man is best described as a horse that is truly geared towards the older cowboy or cowgirl who wants to do the activities they have always done a horseback on the ranch and need to feel safe. Chip will allow them to continue to enjoy doing what they love to do. One of his best features is just how nice he is to get on; the stirrup is close to the ground and he will absolutely stand still until asked to move out. Chip is safe; he will allow his rider to make mistakes, the kind of mistakes that may get the average horse and rider into trouble but he just carries on with the task at hand. Another great feature is Chip has a real loveable personality! Every time we get back to the trailer at the Kirkella pasture dad always says to me "what a character, what a nice little man this horse is". Although he is quiet and not very big make no mistake Chip is a "real" ranch gelding. Chip is quiet in the herd making him easy to sneak rope on. He has roped everything from yearlings to cows; he works lots of rope and never gives up an inch, and like all of dad's horses will stay ground tied in the middle of nowhere for as long as is needed no matter how many yearlings lick him or bump into him. Dad and Chip literally spent hours "horse" breaking 1200 yearlings at the pasture, just riding into the herd quietly then walking away and slowly drawing them in, then moving them through the alleys slow and easy. The cattle came off the trucks bug eyed, wild and snuffy but walked out of those corrals and followed little Chip over a mile to grass, licking his tail the whole way and they will still trot ½ a mile across the field just to lick that white tail. Dad has moved him into the arena slowly starting to heel some steers. So if you are looking for a safe little companion come meet Chip.

# GAIL

**Miss Martha Dual Doc**

**4 year old chestnut mare 15 hh**

**Owned by: Alistair & Erin**

8

	Im Chairman	Grays Starlight
HA Chairmans Prophet		Miss Dual Doc
	Peppy Rey Jean	Peppy San Badger
		Rey Jean Solano
Marthas Six Moons		Six Fols
Marthas Smooth		Lady Bugs Martha
	Voom Vamp	Voom Voom
		Smooth As Pappa

Naeric "Barrels of Cash" prospect for sale; one of only a handful of horses eligible to run in the \$9000 "Barrels of Cash" futurity October 2014. Here is your opportunity to play the game without the wait, without the worry of getting your prospect to their 5 year old year un scathed, not always an easy task. This gorgeous mare is the right kind to play the futurity game with, Barrel futurity and rope horse futurity. Gail is a product of the Bridgeman's program, she is out of an own daughter of the legendary Maternal Barrel horse sire "Martha Six Moons" and by a grandson of the cutting horse legend "Grays Starlight", a very cool cross of cow on run. Gail just looks like she could do any job in the arena, she is well started and ready for anyone to take over and put "their own" stamp on. Gail has been rode lightly on the ranch learning how to move out in the open and she has started her work on the barrel stations. We feel we are offering a very cool opportunity; watch the futurity Friday at the WCS then watch Gail in the preview sat morning at the same WCS, come to the sale and just keep bidding until you own her; and just like that you're in the GAME!

# MADONNA

## Alabama Lollipop

7 year old palomino mare 15 hh

Owned by: Alistair & Erin

Alabama Okie

Smart Lil Ricochet

Smart Little Lena

Moria sugar

Okie K Cutie

Docs Okie Quixote

Misty K Cutie

Tally Man

Scotto Dee Bar

Cinderwood Miss

Tallys Lollipop

Tonto B Reed

Rocky Lollipop

Rocky Lolly Bar

Wow!! If I had to use 1 word to describe this mare it would have to be "Sexy". If you don't like nice things then do not look at this mare. Madonna will be very hard for us to part with; they just do not come any nicer than this. It was defiantly love at first sight for us, we have drove thousands of miles and seen thousands of horses and not seen 1 any nicer than Madonna. Madonna is hung up on the front end just like I would build one, she has a feminine head, a kind eye, pretty little ears, a clean fancy neck, great wither, short back, powerful hip, clean limbs and colour to boot, even her mane and tail are perfect. We are extremely proud to own this well bred mare; she is by Neil McLeod's great stallion Alabama Okie an own son of the Legendary cutting horse "Smart Lil Ricochet". She is a half sister to 9 year old Madison McGee's show horse and we have since bought more "Okie" colts because we are just that impressed with any we have seen. Madonna has been rode in the pasture for a couple summers and truly is a nice ranch horse; she can really walk out, wants to track up & run one down, tie off & work rope and she is very cool to sort on but she belongs in an arena. We spent the last winter riding her at "Kings Crossing" arena and Madonna has the makings of an awesome head horse and breakaway horse; she is awesome in the corner very cowy with a ton of natural rate. She has also been started on barrels and poles as well as goat tying. Madonna is that very rare combination of safe for anyone to ride with extreme athletic ability and talent; she would be perfect for but at the same time isn't limited to the high school rodeo world. Madonna deserves to be someone's main horse, someone's good horse. She could be someone's first really good one; (like Erin & Digger) the kind they do everything on, the kind that they can learn together on and the one they talk about long after she is gone.

# CAPTAIN

## Mist the Tax

7 year old grey gelding 15.1 hh

Owned by: Thomas and Felicity

10

Tax Man	Impressive Truckle	Impressive Dandy
		Glory Be True
	Lotta Energy	Solar Energy
Mist Tax		Helen Question
	Tax Man	Impressive Truckle
		Lotta Energy
	Warbonney Mist	Warbonnet Twist
		Lucilles Misty Bar

Captain is a quite, gorgeous grey ranch gelding that you can sort, rope and drag calves on with one hand on reins. I started him as a two year old for Ilene Dnistranski and tried to buy him on the day he went home. He was an extremely good natured colt and I knew he would be a good fit for this sale someday. I didn't get him bought that day, but did two years later. He's been nothing but a pleasure since. Captain was my main ranch gelding this summer. I branded off of him this spring and then he stayed at our pasture which is about 20 miles away with the custom grazers for the majority of the summer. At the pasture I used him for rotating and treating cows, calves and yearlings. You can run cattle out on him or sneak loop one. I tied off on Captain a lot this summer because Dad and I were the only two there treating. His quite nature makes checking cattle while in amongst the herd very easy as the cows seem to stay settled around him. I ride him in a simple curb bit as he is a one-handed neck reining horse with a light mouth. For the last two years we have worked hard to make sure Captain got a combination of fine tuning in the arena and ranch work, the two complement one another so well and we think he is evidence of that. He is a good looking, quiet gelding and will be sorely missed around our ranch by myself, Felicity and his best friend Suzie, our miniature donkey!

## PONCHO

**12 year old Grade Gelding 14.3 hh**

**Owned by Shawne & Jocelyn**

We simply can't make them any better than this gelding. Poncho is a true gentleman and simply put a treat to ride. A big soft brown eye, baby doll head, huge hip; a real eye catcher, just one look is all it takes to fall for this good bay gelding. That's what happened to Shawne when he first saw Poncho. He immediately thought we could sell 1000 horses like this if only we could find them; and there he was for sale right in front of him so he bought him. He cost us some money but then he should have he is exactly what 99% of the people in the horse world are looking for; a good looking, talented horse with a million dollar mind who is safe for riders from 4 to 84 and comes with a "real handle". Dad just brought him home and started using him for anything and everything, literally; his first ranch job leading on ornery old mare in from pasture with her baby following. Then it was sorting cattle (very fun), then doctoring, then team roping (heading and heeling), you name it. Dad says he just feels like King of the Cowboys when he is riding him. He is even the perfect size; easy to get on but stout enough to do whatever needs done. Buy him to team rope on, ranch rodeo on, team sort on, cow horse shows, ranch cutting, gymkhanas or just to ride down the ditch, **THIS HORSE CAN & WILL DO IT ALL!** If you have been on a quest for a "broke" horse and you know just how long it takes to either put a handle on one like this or pay a trainer to do it, then you're going to think he is a bargain. Let's face it if you are a cowboy there is a part of you that wants to show up to sort cows at your neighbor's branding riding your new horse in a bridle and romals and just be able to drop your hand in the alley and know that one was not getting away then go out and rope all day on the same gorgeous gelding. No matter if you are a beginner needing a safe mount or someone who can truly appreciate just how broke Poncho is; here he is and we are very proud to offer you this very opportunity on sale day.

12

## TORQUE

**6 year old Grade gelding 15 hh**

**Owned by Alistair & Erin**

Buckskins, gray and palominos are popular but don't forget the west was won on a black footed Bay. Torque is that bay; stout, strong, sound, sensible with a big hip and a pretty little head. Everyone who sees Torque loves him, he is just nice to have around. Dad always says "there are 2 kinds of horses; the ones you want to ride and the ones you make yourself ride" and Torque is most defiantly the kind you want to ride. He is the kind of gelding that you catch if you want to enjoy a ride or you need to get something done. Torque is yet another product of the Boyes family quarter horse program. We got him from Denise Bigney long time family friend of the Boyes family. Denise had Cain Quam put 45 days on Torque for her and he did an outstanding job. Torque was ready to go ahead and start working and that he did, he started earning his keep the same day he arrived at our place. He was the main saddle horse calving 145 heifers this February/March (in 3 1/2 feet of snow) and he never let me down, following heifers wherever I asked him, no matter how deep the snow or how stubborn the heifer. He has since done every job we do a horseback and has become a seasoned ranch horse. We have also started him in the arena heeling steers, breakaway roping, goat tying and Erin has even been riding him a bit on barrel night. He is just coming along awesome. To own a gelding like Torque is to know the difference between an asset and a liability. Torque is an Asset by definition because he will make you money. As a rancher he will always be there for you, saving you time and making you money. If you were going to Arizona for the winter and wanted to pay for your trip take Torque; anyone can ride him, finish him in the arena, be safe, double your money and most importantly have fun the whole time .

# CELEBRATING 34 YEARS OF RODEO

**MANITOBA FINALS

# Thank You

*We are very proud of the fact that we can buy so many horses from all of our good friends. Thank you to all the local breeders who produce these outstanding, trainable and talented horses. It is our pleasure to work with you time and again. Thank you to the entire sales staff and behind the scenes people whom without you, this sale would not be possible. Thank you to all our previous buyers who make our sales successful, and inspired us to keep doing what we do - turning out great ranch horses. We cannot say it enough we love to stay in touch with our previous buyers, follow up to see how the horses are progressing and fitting in to their new homes. We are only a phone call away, or better yet the coffee is always on!*

## HAGAN'S CUSTOM GRAZING

### NOW BOOKING FOR 2014 GRAZING SEASON (250 pairs & 800 yearlings)

all cattle managed in rotational grazing systems

all cattle moved and doctored with horses (low stress and good gains)

both tame & native grass available

prices based on \$/day basis

For costs call Thomas 204-851-2554

Alistair 204-851-2916

**Erin & Gracie would like to say a HUGE Thank you to Aurora Wind Feeds (Jo Woolsey) and Juanita & Alwin Funk owners of Covenant Ranch Feed & Tack Co. for their on going sponsorship this year.**

**Covenant Ranch  
Feed & Tack Co**

*"I have never seen a product that has produced results in the appearance and performance of my horses. The product, together with the nutritional advice from those who stand behind it, has given me the opportunity to reach my goals. Buckeye Nutrition has allowed my horses to finish their season as strong as they started"* Erin Hagan

# Testimonials

*I purchased Benny this past April. All of my experiences with Thomas and Benny have been great. I was able to ride him numerous times before buying him to ensure that he was a good fit for me. I felt comfortable through the entire process and not pressured at all. I can't say enough about the ongoing support I have got from Thomas. He has helped me over the past few months to gain more confidence and is only a phone call way with any questions I might have. Benny has settled in very well with my furry family and I look forward for the many years ahead with him. It has been a real pleasure to work with Thomas and I would not hesitate to recommend him.*

Sincerely, Kalynn Mitchell

*I was lucky enough to purchase Felix from Thomas and Felicity in May of 2012. I fell in love with him when I saw him on their website. After speaking with Thomas over the phone and going for a "test ride" I knew he was the perfect horse for me and he was exactly as Thomas had described him. Thomas and Felicity were nothing more than accommodating and answered all the questions that I had and more. I would not hesitate for one moment to mention the Hagan name to anybody looking to purchase a well-bred and well-mannered horse. Felix turned out to be everything I wanted and more. We have grown together as a team in the last year and have since started training on barrels. He is a very willing horse and picks up on new tasks very quickly. He is such a sweet and gentle natured horse as I have even had my 12 year nephew on his back and he was nothing more than a gentleman.*

*I look forward to the upcoming rodeo seasons as we are both new to it but I hope to be strong competitors in the barrel racing ring! — Ashley Hall*

*"Ted has always been a great horse ever since I picked him up from Alistair and family. The Hagan team put a great foundation on a really good minded and athletic gelding. We have used Ted in all aspects of ranch work from doctoring to heeling at brandings. I just picked up another buckle at an invitational team roping. It was all Ted! He never was not in position regardless of the handle. A great horse, I will be back to the Hagan family for my next one."*

Don Andrews – purchased Ted in 2009

*Oakie is one of the most athletic horses I've ever owned. He has all kinds of speed and really gets under himself when he stops. In 2013 I have won 12 TRC Finals Shootouts and qualified for the World Series in Vegas riding Oakie. He is definitely one of those good ones you always hope to own.*

Todd Gallais

*We bought Hank and Mino at the 2011 Hagan Sale and they have both fulfilled our ranch needs. Whether moving cattle from pasture to pasture, crossing wide/fast creeks or sorting cow/calf pairs in tight pens they are both calm and reliable.*

*One time while sorting in an alley with Hank a young calf walked under his belly, then turned and returned back the same way. Hank handled it very well, never moved – just watched as it went back and forth under him.*

*Mino is Don's go-to horse, knowing he or others can jump on him whenever needed and into any situation.*

*The Hagan families are wonderful people and it has been a pleasure to get to know them. Their horses are reliable and well trained.*

Cory Scott & North Farms

*We have purchased 4 horses from the Hagan Performance & Ranch Horse Sale and have received nothing but compliments from our fellow barrel racing/gymkhana competitors! They all want to know where we get our good looking horses.*

*I first met/chatted with Erin and Alistair about their sale horses in 2008. After describing my riding ability and style of horses I was looking for, I purchased Playboy and Taco. Then along came Scooter in 2010 purchased by my daughter Chantel Rivard. Feeling left out, I figured it was time to buy another one for myself, and I purchased Sisko from the 2011 sale.*

*Each and everyone one of our boys has been exactly as described to us by the Hagan family. They are top quality, well broke, good looking horses. The time has been put on these horses, and they have been precisely what we needed to continue on with.*

*We have never attended the sale, as we are from Alberta, but when we receive the Sale catalog in the fall, we are on the phone immediately checking with Alistair and Erin to see which of the horses that they think would be best suited for us. All of our horses have been basically bought sight unseen, we have seen the sale catalog and the videos only. The telephone bidding has worked tremendous for us, and we love that we can have access to bid on these excellent horses, without actually driving 12 hours to be there in person. We feel like we are essentially there, even if it is just on the phone.*

*So if you're looking to purchase, a top quality, good looking, well broke horse suited to your style of riding, look no further than Hagan Performance & Ranch Horse Sale!! Don't miss out on your next winner; I know that Chantel and I will be looking again this year for our next future champion!*

*Thanks to the Hagan Family for the opportunity to purchase all 4 of our horses, we love them!*

Chantel & Glenda Rivard
