# HAGAN

PERFORMANCE & RANCH HORSE SALE

SATURDAY  
OCTOBER

29

2016

Sale Time 4:30 pm

[haganhorsesale.com](http://haganhorsesale.com)

XXXXXXXXXXXXXXXX Brandon, Manitoba

XXXXXXXXXXXXXXXX

# THE Hagan Family

XXXXXXXXXXXXXXXXX HAS BEEN INVOLVED WITH RODEO FOR MORE THAN 37 YEARS.

## Shawne

- 2008 MRCA Hall of Fame inductee
- 19 time MRCA finals qualifier steer wrestling & calf roping
- Shawne has been work on his heading this past year; at 61 he is roping better then he ever has.
- He told us all at the start of the year “I finally have an outstanding heading horse (Keeper) and I plan on taking advantage of it!”

# Alistair

- 2014 MTRA #12 Champion Header (First championship saddle ever!)
- 19 time MRCA finalist Steer Wrestling and Calf Roping
- multiple CCA finalist Steer Wrestling
- 3 time MRCA "Cowboy of the Year"
- Multiple MRCA & CCA Steer Wrestling & Hazing "horses of the year"

## Slade

-Slade really enjoyed doing anything and everything he could a horseback on “Buster” this summer; Ranching, Chasing the “track” steer, barrels, poles and his new favorite boy’s goat tying. They did it all. He too entered and practiced hard for his first “Little Buckaroos” rodeo this fall. Slade entered right up from dummy roping to goat tying.

# Thomas

- 2006 CCA Year End High Point Champion
- 2006 CCA Year End Steer Wrestling Champion
- 2006 MRCA Year End High Point Champion
- 2007 MRCA Steer Wrestling Champion

## Erin

- 13 time MRCA Finalist on 4 different horses (Digger, Bronze, Kruz and Gracie)
- 4 times MRCA Finals Champion and 5 time Finals Runner up
- 4 Time CCA finalist on 2 different horses (Kruz and Gracie)
- 2 time MRCA “Cowgirl of the Year”
- 2013 MRCA Yearend Barrel Racing Champion & MRCA Horse of the Year “Gracie”
- PRCA and CPRA money earner

# Harley Mae

Harley and Ringo are now MRCA junior card holders! This duo can fly #feelthezing. They entered the Junior girls at almost all the rodeos they went to this summer. Harley really enjoyed warming up with RODEO GIRLS and they were all super good to her! The duo is looking forward to the Manitoba Barrel Racing Finals in October. Harley spent the summer riding different sale horses and just having fun and gaining confidence. Harley got to enter her first "Little Buckaroos" rodeo this fall and got to add Goat tying to her and Ringo's resume.

# The program

Howdy'all thanks for taking the time to look over our catalogue. We hope you read the write-ups on each horse and call us to ask us questions about any or all of our horses. We are very proud of not only these horses on offer October 29th but also the program we have worked so hard to create. We do not claim to have "re-invented the wheel" we just stick to our mission statement - **to start with the best horses we can, make them real ranch horses, horses that we use for our day-to-day ranching and offer them for sale with honesty and integrity.** We feel today's buyers are better educated, wiser buyers. They know what they want; they want a good, safe, been there done that horse. And they want to buy a horse from someone who is honest, someone who can and will help them not only to pick a horse that fits them but also someone who will help them after the sale. We understand that not everyone is looking for the same thing in a horse, we may not have a horse for everyone but we do promise you that we pride ourselves in presenting our horses honestly. We feel strongly that alone will make Hagan Performance & Ranch Horse Sale stand the test of time. Knowing that not everyone is looking for the same thing in a horse; some want them better broke than others but everyone wants them safe! People want to know how they will "react" to any given situation. In our opinion you can make both safe and broke horses on the ranch. We pride ourselves on being students of horsemanship, we take clinics, read books, watch videos, and do our best to improve and grow our knowledge but most importantly we spend time in the saddle. Like most people we start our horses in the round pen and or the arena but then move outside as soon as we can. We start with simple trail riding, covering miles, down the ditch, riding over fallen trees, through water, etc. Next they are used to check fence or move cows and then it's back to the arena for simple dry work, working the flag, dragging a log, roping the heel-o-matic and track steer, mock branding and next thing you know they are in the work string. They first start with moving cows in the feedlot and then they graduate to alley sorting, branding, round penning colts and finally roping and doctoring cattle in the open. After long ranch miles we move them back into the arena to refine their handle. All of our horses have done lots of cow work and if they excel at it maybe they could move into the penning or sorting, or if it is a fit they begin their career as a team roping, barrel racing or calf roping horse. We strive to do every job possible on the ranch on horseback; we have 3,000 head of cattle to care for in a season and we do all of this ranch work while riding these sales horses. We pride ourselves in the fact that our horses "enjoy life" and like to be ridden. It is within those parameters that we begin the culling process, as not every horse that we own makes the sale.

Our horses come from all different walks of life from all different situations or sales; some we have raised or bought as babies and started ourselves, some we have bought with 30 rides on them and rode them for 2 or 3 years and others we have only owned a short while. Sourcing these horses that we deem "good enough" is a full time job, we never know where we may find one or when and so we are always looking. No matter where we find them or how long we have owned them the same principles apply to them all. When we find one that peaks our interest (good looking, sound, attractive, athletic horses) we bring them home and begin the "screening" process; are they safe? Will they stay sound? What can they handle mentally? And are they fun to work with? And trust us not all horses make it. Once these horses have made it through the "screening" process and we have spent the hours in the saddle furthering their training, getting to know them as individuals we allocate them for the sale. Then following this whole process we try our best to give you as much information about each of these horses as individuals as we can. Between their write-ups, videos or simply a visit with you on the phone, we try to give you the info you need to pick a horse for you. All 13 of these horses on offer have been used on the ranch for real, they have been put in real life ranch scenarios and we have put them in enough of these situations that we are confident in how they will "react" and that is why we believe so much in "ranch horse beginnings".

We sometimes joke that we are more of an adoption agency for good horses looking for good homes for the rest of their days than we are a horse sale and that we are very proud of that. We go out and make the miles and "source" horses that peak our interest, take a chance, buy them, screen them, then we bring them all together for you to pick on October 29th. We feel this process of "consulting" is the service we provide to you our buyer. We welcome all buyers, families looking for an all-round horse, team ropers looking for the next "big timer" or someone who sees a horse they can spend the winter on and double their money. Come one, come all.

There are only two emotions that belong in the saddle; one is a sense of humor and the other is patience. - Unknown

# our family

## THE Hagan FAMILY

consists of three families united and proud to produce this high quality horse sale.

This family horse sale is a result of the Hagan family living out their dream and doing what they want to do with their lives. It all started with Shawne; even though he grew up in a non-cowboy family and not in cowboy country at all; against the odds he became a true "cowboy". He created a ranch and the complete cowboy lifestyle. This example has led to his sons and daughter-in-laws buying, building and making a living with their own independent ranches, cattle herds and horse programs.

Shawne and Jocelyn are the proud parents of four; Alistair, Amanda, Thomas and Bronwen and grandparents to three; Harley Mae, Slade and Rory. They are both very close with all of their children and are especially proud of the fact that although their children may not all have the same passions in life, they are all passionate about what they do and the direction they have taken their individual lives. Both Shawne and Jocelyn love being grandparents and spend a lot of time with Rory, Harley and Slade. The kids love going to their Nan Nan & Papa's house and there isn't a day goes by that Papa Shawne doesn't stop in to see them. Shawne and Jocelyn live on the Hagan family farm where Shawne was born and raised just 14 miles southwest of Virden; they have been involved in every aspect of ranching and farming; from the purebred Charolais business to grain farming to the PMU industry, to the current cow/calf/yearling operation maintaining a cow herd of 220 mama cows. Shawne likes to note that this year between his own cattle, being the main man with Alistair at the community pasture and custom grazers and Thomas's cows and "custom grazers"; he is riding on over 3000 head again this summer. That's a pile of "cowboying". Shawne really enjoys spending time in the saddle with his family; you have never seen anyone as proud as him when he is riding side by side with Harley and Slade moving cows. Three generations of cowboys all because when he was a boy he followed his dreams. Shawne prides himself on "making friends with his horses" and picking out that next "good one". Shawne loves going on horse buying trips, hunting, roping with the boys at Kings Crossing or just simply enjoying some good company and a beer. Jocelyn is still working off the farm as a member of the team at the Virden Co-op and really enjoys both the people she works with as well as everyone she meets and greets on a daily basis. She makes sure that everyone who goes through her till will be having just a little bit better day when they leave and because of that the line at her till is always the longest. Work is fine but Jocelyn is happiest when hosting her three grand babies, any or all of her kids, or her sisters. Simply put she loves having as much family around as possible!

Alistair, the oldest of the Hagan siblings and wife Erin have been busy with lots of changes since our last sale! Harley Mae is already in Grade 4 this fall and absolutely loves school and Slade man is now in Grade 1. In school every day; wow how did that happen? The kids love both school and the school bus. They are both very active and truly are best friends; having all sorts of adventures together on the ranch and absolutely love spending time with their cousin Rory. Harley wants to hold him all the time and Slade can't wait for him to be able to play with him. "Ringo" their palomino pony, now 7 has been amazing for Harley this past year. Harley bought her MRCA card this year and together they entered the junior barrels! Slade also had an awesome year thanks to Papa's horse Buster! Both kids spent a pile of time riding anywhere and everywhere all on their own, from trailing cows to barrel racing or just spending the day hanging out with the Brown boys, Cowans and McGee girls on horseback at the jackpots. Harley and Slade made a deal with dad this summer; \$5/ride on each sale horse they ride. Racking up the miles in the saddle and building lifetime bonds and a love for horses and learning a little business along the way!

Alistair and Erin are very proud of the ranch they have built together; just down the road from Shawne & Jocelyn they live on the original Hagan family farm which the family first settled upon arriving from Ireland in 1913. They currently maintain a herd of 250 British cows, grass their own calves, run around 60 head of horses and continue to operate Hagan hoof trimming tip table business. Alistair continues his role as Manager of the Wallace (Kirkella) municipal pasture; a job which not only does he love but is also a great fit for the horse sale. This year proved to be a challenge in the custom grazing business with the market crash and a last minute cancellation of 800 steers. Some serious hustle and a long contact list made it all work out. The custom cattle are all run on the original home place; the hard work building cross fences to break the pastures up into 40 acre paddocks and doing their best to rotate/rest and manage the soil/grass is starting to show real results even on their most sensitive sandy soils. They feel they are on track for their goal to be able to graze 1000 steers within the next two years. The cow calf pairs are trailed to their land at the lake; the goal is to graze the cows from April 15th to December 1st. It was a great year; enough rain but a break from the floods. Grass, cattle and horses all look great.

There are 9 outstanding "BF Streakin Merridoc" foals to wean this fall and 10 more coming next spring. Erin has been very fortunate selling her "Merri" babies to some very good hands and having a lot of people come to look again this year. She is very proud of this year's foals and excited to see them all grow up. Erin is excited to have 2 three-year-old fillies she kept for herself (one is out of old Kruz) and the plan is to futurity them both. Alistair and Erin enjoyed another great rodeo season with a few less miles made but a lot of fun; Quality family/rodeo time. Erin had another great year with her good mare Gracie; Alistair entered both the steer wrestling and the team roping at

rodeos this season. They made the tough decision to retire old Maverick at age 20; hauling "Bullet" in his place. Erin is very excited about the years to come as the kids gain some independence but all of a sudden she finds herself lonely during the days. She is riding more horses than she has in years past but can't wait for that bus to roll up to the yard, spending as much time as possible with the kids at her side; taking them to their activities or just hanging out outside going on all sorts of adventures.

Huge is the fact that the whole family spent a lot of time together; either a horseback or camping in the motorhome. Alistair and Erin both feel that spending time with good people and enjoying horses together will build lifelong bonds. No matter if it's a ranch horse, a futurity prospect or a pony, both feel the best way to improve your horsemanship and to make a good horse is to simply spend time in the saddle riding, paying attention to your horse, having fun and surrounding yourself with good people. They truly do this as a family and are working hard to instill a love and respect for this way of life with Harley and Slade. Both can't believe how time flies by; they love their family, their horses, their land, the ranch life and are looking forward to the future. Both Alistair & Erin are very committed to the rodeo and ranching lifestyle and understand it is just that, a "lifestyle". One they are lucky to live.

One move down and one more to go! Thomas, Felicity and Rory are not afraid to change the scenery or their home. Selling their home on the valley this summer, they moved into a rental property of theirs for a few months while finalizing the arrival of their new home which will be located near the rest of the Hagan family. This spring Thomas and Felicity purchased 15 quarters of land south of Virden. This land attaches to their current land base and also provided them with an old yard site to move to. With this large addition to their operation they increased their own herd by purchasing 190 heifers to breed and sell this fall and took on 300 custom grazers. This summer has been hectic but enjoyable. Ranching for a living has been this couples dream and they are closer now than they ever have been. Matt Campbell, a friend of theirs that lives down the road, has been a huge help this year. He assists Thomas with treating and rotating the cattle, along with any other task they find him to do. Felicity's cousins Roisin and Jake, moved from Ireland roughly two years ago and found a passion within the ranching business. Without these two lending a helping hand on most weekends throughout the summer, Thomas and Felicity would be run off their feet! Then there is the grandparents, they lend a helping hand watching Rory whenever asked.

Thomas still continues to shoe horses, but has slowed down since ranching has consumed more of his time. He is once again an MRCA card holder but has only gone to a few rodeos this year. He continues to team rope at some of the local jackpots and events and hopes to do much more in the future. Thomas also remains on the Virden Indoor Rodeo and Wild West Daze board. He currently holds the position of Vice President and continues to help run the grand entry at the event and him along with Felicity still organize the social. Rotating the cows and seeing the improvement in their health and the soils, has become a passion of Thomas's. Many days he spends setting up paddocks and moving the cows, experimenting with the length of time they spend in the paddock, the size and the species of grass that are there and those that appear after a rest period. Thomas and Felicity continue to take many grazing courses and workshops. They find these are a great way to meet people that are doing the same thing as them and learning new techniques of grazing and managing.

Felicity stepped down from the Virden Community Chamber of Commerce this spring and has found life to be even busier! She helps on the ranch as much as she can, but finds her days fill up fast with their one year old, Rory. Turning one in June, Rory is now mobile and has developed a very social personality. He loves hanging out with his cousins on both sides and has become a passionate dancer!! Rory is an outdoorsman which works well for Felicity and Thomas. This boy has checked many fence, cows, moved cows and is eager to get on a horse. Thomas, Felicity and Rory are extremely excited for the next few years. Living on their ranch and doing what they love!

All the horses on offer have been ridden extensively and have taken on the job we feel best fits them. We pride ourselves in "OUR" horses being what we say they are; if that's quiet or fast or whether they are ranch horses, started team roping horses or rodeo ready horses. We ride a lot of horses as a family and cull very hard. We do our best only to sell horses that we feel will truly have a future and have done our best to select the best horse we can. We invite you to not only watch the video on each horse but to also come try out and ride any or all of the 12 horses on offer this year. Questions are welcome and there isn't a question we won't answer, we pride ourselves on being honest and approachable. Please check out the testimonials or call us if you see anything that you like and we will do our best to find a horse that fits you as an individual and then stand behind them after the sale.

Thanks for your interest and if you wish to see a video please go to our Facebook page or check it out at [www.haganhorsesale.com](http://www.haganhorsesale.com)

# SATURDAY OCTOBER 29 2016

## Brandon Keystone Centre

## general information

**Absentee Bids (Phone Bidding):** Anyone wishing to bid who cannot be in attendance at the sale may do so by phone bidding. We pride ourselves in our phone bidding process; please contact us prior to October 28, 2016 at any of the phone numbers listed and we will make sure you can be involved. Please allow us enough time to properly discuss your needs and each horse we have to offer as well as make the necessary arrangements to have your name on the list. We have 5 to 6 ladies taking phone bids at a separate table next to the sales ring and you can be right in on the live action. Erin will make contact with everyone on the phone bidding list the morning of the sale to establish good phone connections and assign each individual a member of our phone bidding team. Phone bidding is provided as a customer service for those who cannot attend the sale. All phone purchases will be required to wire funds on Monday morning following the sale. Horses will not leave the Hagan's possession until payment has been made.

**Terms & Conditions:** Terms of sale are; wire transfer, cash or personal cheque (CAD). Cheques issued with insufficient funds will be prosecuted. Every animal sells to the highest bidder with the auctioneer settling disputes as to bids. Announced changes in catalogue information on sale day take precedence over printed material in this catalogue. No delivery is available until settlement is made on all purchases. Horses remain in the seller's possession until payment has been verified or cleared by the bank. Buyers will become liable and responsible for their purchase immediately upon declaration of sale and until delivery is taken. Any person attending the sale does so at his/her own risk. Owners, sale management, Brandon Keystone Centre, nor any other person connected with this sale assumes any liability, legal or otherwise.

**Guarantee:** To the best of our knowledge, every horse in this sale is free of disease or defect. Known defect(s) will be called at sale time.

- Prior to sale a passed equine veterinary certificate of health for insurance purposes only will be done on all horses in the sale.
- General, visual vet examination for physical soundness by Virden Animal Hospital
- Horses are the buyer's risk, expense and responsibility from the time of purchase.
- Horses have not been Coggins tested. Costs associated with exporting horses will be at the buyer's expense
- ALL SALES ABSOLUTELY FINAL.

We are very proud to be able to sell this horse at our sale this year. Scooter really is the total package. Broke, good minded, prime of his life, ranch experience, arena experience all in a good looking, 14.3 hh gelding. This summer Scooter has been busy treating foot rot!!! That seemed to be the theme of this years grazing season making Vegas and him busy boys. We ran cattle out to treat, sneak roped, tied off, pasture sorted, drug calves at brandings and rotated cows. Scooter has been hauled in the Alberta Barrel Racing Association and lightly started in team roping as a head horse. He has a fantastic handle on him, nice neck rein and lots of body control. Scooter is a full brother to my good heel horse "Derby" and is a grand son to the great Canadian cow horse, "Smart Little Baggin's." I started him as a three year old and sold him in our 2011 sale to Glenda and Chantel Rivard. They trail rode and lightly barrel raced on him in the ABRA and when we got a chance to buy him back last fall, we jumped at the opportunity. I really don't think horses of this calibre go up for auction very often, which is why we are so proud to have him in the sale this year. I know this horse with 30 days professional

head horse training could be a high level head horse for a low to high numbered roper. He has a fantastic mind, tons of athletic ability and lots of ranch roping experience, basically a great recipe for the foundation of an arena horse. He has been hauled all over the place from the mountains, to barrel jackpots, our pasture and to the local indoor arena and takes everything in stride. We can't say enough good things about Scooter and we will certainly miss this guy around here.

Shawne has long thought of our role in the horse world as consultants; we will go source these geldings put them to the test both mentally and physically then offer them to the public for sale. Tried and tested as best we can. As time passes and Shawne continues to love this sale he works even harder to find safe horses for himself and those who buy them. Kit was just that for him. A good looking, well bred, young, sound horse that he could go right to work on. Shawne bought Kit from Thomasena Charney ; she had used him in the feedlot and did a very good job with him. He has been exposed to many different things in his young life and has become a very nice ranch horse this summer with his whole life ahead of him. He is good even with long periods of time off, a nice mover, a ground coverer and very cowy. Kit is the kind of horse that could do a family for a long time, bred to be a performance horse and tons of real world experience. Buy him as a ranch horse; maybe make him an arena horse too. The best compliment we can give this gelding is like all of his favorites of the past Shawne says "you know I should really just keep this horse, he'd make a damn fine horse for me to just keep and use myself". Every time Shawne says that someone gets themselves a good one. One of these years he will not let this kind go.

kind of gelding you can just pull out and take to a branding, rope the heel-o-matic, doctor yearlings or simply enjoy a safe trail ride. All of this; with his whole life ahead of him at only 6 years old! We truly believe JT will be someone's one and only horse or their very last horse; he is what our sale is all about.

Well we knew it was going to be hard to fill Bruno's shoes; trust us we were looking for the "one". Well JT is that "one". He truly is the kind of gelding that most people in the horse world need but also happens to look like the horse most people want; all in the same package. He is quiet, kind, slow and safe. He also happens to be a dapple grey with a long beautiful main and tail and a baby doll head. JT is the one that Slade gets to ride in our family \$5/ ride deal; chasing the track steer, heel-o-matic, going over the bridge or just standing still while Slade tells us a story. He is good with anyone riding him, he is too a "babysitter". We were very lucky to get the chance to own this guy, long story short it pays to have friends in the horse business. It all started when my good friend Dallas McGee asked me to go on a little horse buying trip this winter. I messed up and didn't go, Dallas on the other hand did not mess up; he bought him and took him home that same day. Sonya, Madison and Kelsey all rode him and we ended up buying him from them two months later.

We have been happy every day since. JT is the

Handy, cowy, talented and one that turns heads! This dude was born to go to the performance arena one day. Dark buckskin with a black main and tail and a cowboy build; stout, strong hip, leg in each corner, correct kind of gelding. I have not ridden many horses this intensely interested in a cow. I also bought this little dude from the McGee ranch last summer. Dallas told me about this horse he found that was trail riding but looked like he had more to offer the horse world "He is the right size and the right colour" he said. I put him to work full time last fall after the sale and he has been busy ever since. He is more than interested in cows; he is cower than most any other I have ridden. He follows track steers around the arena at any speed slow or fast with his head down and ears pinned. He is the same out in the big field; you can run one down just about anywhere you want to go. He has a ton of rate and he is always watching them. All you have to do is throw your rope. He is strong on the horn and sure footed; a usable ranch horse but his calling will no doubt be the arena. I think this horse fits best if someone is looking for a big time arena prospect. You cannot build one any better and the hard work is already done. Just feed him, brush him, rope steers and make money (all in that order). Remember all the training in the world can't make them a gorgeous 14.3 hand buckskin!

Little "Willie"; We are very lucky to have bought this horse, yet another Boyes quarter horse off the old man "Kiss My Baggins". Making him a half brother to Thomas's good heel horse "Derby" and countless other sale horses we have had in the past. Slade Boyes told me of this little Bay gelding I needed to own. His good friend Stewy Cogswell had bought him as a colt from them but had fallen ill with MS was unable to ride anymore. Slade was right. Willie was the perfect fit for us; he is cute, handy and even though he hadn't been ridden in several years when Slade brought him up to our place last fall, I was moving cows on him the next day. Willie is safe but not pokey, he can keep up with any big horse and handle anything I want to rope. He doesn't lose his head. One day this summer I was trying to lead the way for the crew across a bog near a fence line, it was much worse than I thought! Willie bogged down and while he was struggling to get out we got up against the electric fence. It hit him and I 5 or 6 times before we got out. That did not make him blow up! More of a test than I care to give most of them! Willie is cute, sound, cowy and safe. He is a great little horse in the sorting pen, fun to rope off both treating (sneak roping or running one down) and or branding. He is even lightly started in the team roping pen. Harley rides him in the arena; going over the bridge, around the barrels and through the poles smiling the whole time. Willie would be a great project in the team sorting world or the team roping, break away roping or goat tying. You name it. He will make some family very happy.

Here is a horse we just can't say enough good things about. Vegas has a fantastic demeanour, he's easy to catch, easy to ride and just a pleasure to be around. He can be rode every day or once every two weeks and he is the same horse. Vegas is certainly not lazy, he has a fast walk and a beautiful big stride to his lope. He was raised just a few miles down the road at DAC Farms. His sire, "Double Jac Moon," throws them quiet and athletic. Vegas has two half-brothers showing this year in the Manitoba Rope Horse Futurity and countless more being competed on in the MBRA an MHSRA. He is certainly true to his roots, these horses are just so easy to get along with. Vegas is always the first horse to come up to you in the pasture and when you saddle him up you can just ride away. He was sold as a colt to our friend Les McNaughton and then sold to my dad. Mom and Dad gave him to us as a wedding gift two years ago and we have been riding him ever since. We have ranched on Vegas all summer, from checking, to treating, to rotating cattle, he has done it all and everything in-between. He has run a lot of cattle out to treat and been to brandings, dragging calves to be processed. Matt Campbell helped us treat once a week all summer and he rode Vegas most of the time and got along famously with him. Felicity has gathered cows and pen sorted with him and just loves his big open stride and his safe, easy to work with attitude. I think this horse has a bright future ahead of him. Athletic ability and a great mind, coupled with experience, Vegas can go anywhere from here.

This little man was Justin's (Bridgeman) pick of all them. He started Ranger and liked him from day one. Ranger's mom was first a money earner in the reining world before she was purchased by the late "Nancy Sobey" and made into a winning barrel horse. Dyck and Adelle Sobey brought this mare to us to add to our broodmare band, wanting a good home for her retirement and her first colt back. We are now excited to offer our first foal out of her for sale. Ranger has had presence and eye appeal from day one; he has a strong shoulder and wither with a short back, a long underline and a big hip. He will be smaller but is very quick footed with a natural head set and a big time stop. He will no doubt fit both the barrel and team roping futurity world. He has the look and then some. His mom was a winner in everything she did and his Daddy gave him eye appeal, bigger stride and trainability. Our goal is to set these two year olds up for their future; quiet, easy to work with and ready for someone to take over and have fun with. He does sell with a **CBHI SUPER STAKES** attached so we are very excited to see on October 29th who will be the lucky new owner that gets to run this dude for \$160,000 fall of 2019 and maybe show in the team roping futurities in Brandon and Edmonton as well.

*Erin Hagan*

Grey, Super Stakes, 2 year old started gelding. He is a full brother to Erin's mare "Rainie", Multiple NFR qualifier Judy Myllymaki's gelding "Samuel" and last year's 2 year old sale filly Sophie (who brought \$10,750). This cross works. Mom is a sweetheart of a mare and a money earner on the track and she and Merri make nice babies. This gelding's pedigree is stacked, all 4 corners covered with money earners. This guy like his siblings is quiet by nature, the kind you can ride and train yourself. Erin loves "Rainie", Judy Myllymaki (has Liquorice's 4 year old full brother) says "Samuel is very, very agreeable and laid back and anyone can ride him!" Pam Bergen who bought Sophie in the 2015 sale says "She is one of the best minded horses they have". We put the first 5 sessions on Liquorice at home, and then he went to Justin Bridgeman for 30 days. When we got him home we turned him out for the summer months. When we brought him back in we just saddled him up and rode off. He is moving around nicely and being rode outside seeing the world. We are very proud to offer this man for sale; it takes a long time to come up with a sound, blemish free, started, safe, 2year old gelding. Now make him good looking, well bred, grey and selling with a **CBHI SUPER STAKES**. Not many of those floating around.

You will have to drive a long way to find a prettier, more athletic mare than this one. In fact, she is just drop-dead-gorgeous, end of story. Carano is not the type of horse we typically have in this sale. She is not the laid back, easy-come easy-go horse that we work hard to find, but she is a horse that in the right hands is absolutely a world beater. We rode her this winter at our local arena, Kings Crossing, and Dad's arena. She lopes a beautiful circle, is light in the mouth and is one of the cattiest mares I have ever ridden. This fall we have been riding her outside on the ranch. Carano is the most athletic horse we have ever owned and rode. Her sire, "Prescribed By Major," is a Canadian Supreme Champion and she has that kind of talent. Alistair's head horse is Carano's half-sister and he competes on her at team roping's and rodeos. This is a superior level type of horse with the right horsemen. If you're looking for the next big thing to start barrel racing, heeling, calf roping or even heading, just take one look, you won't be disappointed.

We have been asked lots in the past if we ever sell or come across any horses that are both ranch horses and broke to drive. Well it's taken a while but here you go. Shawne gets a little pickier with every year that passes. Only buying and riding quiet, safe good minded horses that he can take to the next level. Every time Shawne saw the pretty little buckskin team that 80 year old local horseman and one time Quarter horse breeder Doug Sanderson drove in the parades, he admired them. He always said he'd like to own them. When Doug decided to let them go Shawne bought the gelding right away. He even made the trip to Virden on his own! Douglas truly has a very good mind; he been driven in parades since he was 2 as well as trail rides up in the riding mountain national park. Soon as Shawne got him home we started his new career as a ranch horse. The first thing that impressed us was he never worried about leaving his mate; he never gets worried about anything, never gets lonesome and will stand all day quietly. Douglas has stayed true to form; always quiet and easy going, but has also become surprisingly cowy this past summer. He will follow a cow anywhere. Here he is a pretty headed, sound, 15 hand Buckskin gelding that you can rope on, move cows, trail ride or drive.

I went to one rodeo without Erin last year and while I was gone she bought two mares, spending most of the money we had set aside for groceries for the winter. In fact her sister Tracey said to her "Oh my God! What is Alistair going to say about you spending that much money without him here"? Well, one of the mares she bought was Chic and the other a brood mare. Like usual in our marriage Erin was on the right track and both mares have worked out great. Erin was given hot tip from our good friends Kelly and Cherie Lyng that friends of theirs had a gorgeous big black mare sitting there that they were no longer riding. When Erin went to try her out, she had not been saddled in 2 years and it was snowing! Chick just loped off, no muss no fuss. The Medd girls had done a nice job with her. Erin rode Chick all winter and as soon as spring arrived she was Erin's go to mount; using her to move cows and gather mares. Erin has had fun with Chic and most importantly felt safe in every situation she has had her in. Chick is a safe trail riding horse that can walk out; she has moved cows, gathered horses, roped the heel-o-matic and you could also haul her to a barrel jackpot for a little fun.

*(Harley's pick of the year)* This year we made a deal with Harley and Slade. \$5/ride for every sale horse they rode this summer. They have a book in the house and they keep track of their rides; Harley has the most checks beside Big Ben's name. She told me one day in the barn as she was hugging Big Ben's leg "Dad I think we saved Big Ben" I asked why she thought that? And she replied "He is happy here. He loves his job". That sums it up best for this man. He LOVES being a cowboy's horse. No matter how long his Monday was; Tuesday morning he will still be the at first the gate to take on the new day. Big Ben is truly the kind of horse the boss rides; He is broke, up in the bridle and going somewhere. He can really walk out, always at the lead and just floats at a lope. He'll follow a cow anywhere and is strong on the horn. He has done it all here; halter break colts, pony 2 year olds, sort pairs, drag calves, doctor cows, tie off and then I haul him to town and use him a "safety horse" at the bull ridings. My good friend and cowboy; "Jay Anholtz", has been hauling him all summer as a pick horse. Jay has been using him for the bareback riding. He says he is a natural, brave, fast and took to it like a duck to water. Another good friend of ours Joe Wright needed a second horse one day and so he treated on Big Ben. He told me it feels like I am flying on him, like I am just floating over the ground. (Then he wanted 5 bucks like the kids for riding him that day!) Big Ben has come a long ways and been a real asset to the operation (even giving us this years cover shot). A rare combination of very safe and very tuff; we will miss him. Be sure and watch his video.

Well if I could just freeze Buddy in time at 15 and keep him for Slade man he would not be for sale but the simple math says he'll be 25 by the time Slade starts High School rodeo. Buddy needs to be someone's high school rodeo horse now. He is an outstanding heel horse for young or old. Good in the box, never miss the corner and make any head horse face. Once again I am simply not a heeler. Dad bought Buddy as a 2-year-old and Thomas later started and sold him as a heel horse/bulldogging horse combo. I bought Buddy back to bulldog on in 2010 when we had to retire Digger due to injury and I have hauled ever since. He is most likely the best steer wrestling horse in the corner I have seen in that time. He is easy to ride and awesome to score on. He runs out with the remuda and comes in Saturday morning and jumps on the trailer, that simple. It is simply time for me to move on. Our master plan is rodeo on all mares to help promote our breeding program and he is the last gelding in the trailer. As long as I have Buddy here I won't make the plunge to find a running bred mare and make a new one. He is truly a family favorite; the kids and I play a game at bed time telling stories and making up voices for our rodeo horses. In our Hagan ranch stories we figure Buddy has an Australian accent; point is he will be missed. Buy him for your son to haul in both the bulldogging and team roping or buy him for yourself to haul south and heel on the day after the sale.

# THANK YOU

We are very proud of the fact that we buy so many horses locally. Thank you to all of these local breeders, our friends, who produce these outstanding and talented horses. It is our hope that you are as proud of them as we are and it is our pleasure to work with you time and time again. Thank you to all of our previous buyers who have made our sales successful and continue to inspire us to keep doing what we do, turn out great ranch horses. We can not say it enough, we love to hear about how the horses are fitting into their new homes. We are only a phone call away or better yet the coffee is always on. A HUGE shout out and thank you to all of our friends and family who not only help us behind the scenes at sale time but also on the ranch year round. Without you we would not be able to do all that we do.

# TESTIMONIALS

## BELL

**Lorne and Denise Langford – Moosomin, SK**

In 2015 my wife and I purchased a horse from Thomas and Felicity Hagan at the Hagan Performance and Ranch Horse Sale. I have been wanting to learn to rope for sometime. My wife mentioned a lot of very nice horses have gone through the sale in previous years and bet there would be something for me. We spent time going through each horses video and write ups. We had two in mind. We purchase Bell sight unseen through a phone bid. On the phone Felicity mentioned that Bell would be a good horse to go in the direction I wanted to go. After purchasing Bell I asked Thomas if he would take Bell for another 30 days and get her going in the box on the heading side. Thomas was very accommodating in doing this for me. In the weeks that followed Thomas was very patient and a pleasure to learn from in helping me get started in roping. As for Bell, she has been a great addition to our herd, with a kind personality and had a lot of patience with me. When I'm not throwing a rope, I just throw a saddle and halter on and go. In all it was a great experience buying from Thomas and Felicity.

## PARKER

**Dave Kerr – Lashburn, SK**

Parker is a fun horse to ride and has a lot of try. I started using him heading steers but am now using him on the heels and he has a great turn and stop. We have used Parker sorting pairs and he is very cowy. Whether pulling bulls or gathering yearlings out of the river hills, he has no quit. Parker spent the winter in Arizona roping steers and riding in the desert and enjoyed it as much as I did. He is everything the Hagan's said he is and I am very happy with him.

## TANGO

**Bob and Jill Jensen – Leader, SK**

Our experience with the Hagan family was 1st class. We went down to their ranch about a month before the sale. We told them what kind of horse we were looking for. They didn't try to sell us something we weren't interested in. Thomas picked Tango for me to try and things just fit like a glove. After buying Tango, Felicity followed up with text messages and that was great. Became new friends with great people. P.S. Tango has gone above and beyond fitting in with our ranch life style. We thank you again for everything.

## QUNICY

**Tracey Peacock – High Level, AB**

Qunicy is our barn clown always getting into something and making us laugh. He is an amazing horse. He sat all winter and we saddled him up in the spring without a hitch. Another great addition to our barn!!!

## MARSHALL

**Greg Lane and Family – San Clara, MB**

Marshall is a nice horse to have around. He has a great disposition, lots of go when you need it, great walk, and a smooth ride. We have NO REGRETS in buying him what's so ever.

## SOPHIE

**Pam & Ralph Bergen, Buckin A Ranch**

I have watched the Hagan Horse Sales catalogues for a few years now as I have heard nothing but great reviews on the horses they sell. My husband and I have two young barrel racers, it was our hope to find a prospect that could work into a solid horse for them for the future. When the 2015 catalogue came out I was glued to Erin's homebred BF Streakin Merridoc filly nick Named "Sophie". She had great breeding, athletic build and from what I could tell a great mind, which is number one when I am looking for my girls. Sophie has proved to be all that. Both my girls were riding her within the first week as a two year old. This little filly had a great start was just as happy to ride across the ranch as she was to do arena work. I have heard her full brother is in this year's sale, I would love to add him to the herd also as this cross really seems to have it all. Looking forward to advancing this mare towards her 2018 futurity year and seeing my girls compete on her one day. Best of Luck at the 2016 Sale.

## LOUIE

**Lynda Green – Cromer, MB**

John and I purchased Louie at the Hagans 2015 sale, we live just a few miles from them and Erin was more than happy to accompany me on rides to try out some of the horses. Thomas and felicity were also there with some of their horses and they were very helpful too in choosing a suitable mount. I use Louie to check cattle which he is obviously very used to, nothing seems to worry him, he is very safe but at the same time not lazy, he is very willing to go as fast or slow as I want him to which is what I was looking for. The first ride this year after nor being ridden for a few months was on a very windy day which I thought might make him skittish, but not Louie, he behaved impeccably. He loves people and is always the first one to come up when out in the pasture. Alistair and Erin also offered their help in any way after they delivered him should I need it. I would recommend the Hagans sale to anyone needing a very well trained ranch horse and we would certainly buy from them again if we ever need another horse.

## BRUNO

**Vickie Ripplinger and Family – Montmartre, SK**

Thanks to the Hagan family for offering Bruno to us. We had been searching for another horse to add to our line up for our young girls for about a year. In fall of 2015 I came across their catalog and Bruno seemed to catch my eye. Conformationally he was what we were looking for. The video was detailed and showed a great deal of different maneuvers and jobs he had been used for. We feel very fortunate to own Bruno and feel that he will grow with our girls and become a life long family member for years to come.
